

Reinstatement of Citywide Parking Enforcement for Street Sweeping

On June 15th, the City reinstated parking enforcement for street sweeping on major streets. This was the first step in reinstating parking enforcement that had been temporarily suspended due to COVID-19 shelter-at-home restrictions.

Beginning on Monday, August 3rd, parking enforcement for street sweeping will resume on all other Lawndale streets, including neighborhood streets.

The resumption of parking enforcement is intended to help keep Lawndale streets and neighborhoods clean, and to prevent trash and other debris from entering into storm drains.

Please contact the Municipal Services Department at (310) 973-3226 for more information.
