AGENDA

LAWNSDALE PLANNING COMMISSION MEETING

Wednesday, November 9, 2022 - 6:30 p.m.

Lawndale City Hall Council Chamber

14717 Burin Avenue

Members of the public may provide their comments when the public comment sections of the meeting are opened. Anyone unable to attend the meeting may submit their public comment by email to agutierrez@lawndalecity.org. Submit your written comments to the Community Development Department by 5:30 p.m. the day of the meeting. Electronic, or written, comments must identify the Agenda Item Number in the comment letter or the subject line of the email. The public comment period will close once the public hearing time for the agenda item has concluded. The comments will be entered into the record and provided to the Commission. All comments should be a maximum of 500 words, which corresponds to approximately 3 minutes of speaking time.

Members of the public are welcome to attend the meeting in person. If you are sick or experiencing symptoms of illness, refrain from entering any City facilities to prevent the spread of diseases.

Copies of this Agenda Packet may be obtained prior to the meeting by written request or on the [City Website](#). Interested parties may contact the Community Development Department at (310) 973-3230 for clarification regarding individual agenda items.

This Agenda is subject to revision up to 72 hours before the meeting.

A. **CALL TO ORDER**

B. **ROLL CALL**

C. **PLEDGE OF ALLEGIANCE**

D. **CONSENT CALENDAR**

1. **Minutes of the Lawndale Planning Commission Regular Meeting – September 28, 2022**

E. **PUBLIC COMMENTS**

Members of the audience may address the Commission on matters of public interest, which pertain to the City and are not otherwise listed on the agenda. If you wish to speak, please step forward to the microphone, but not required, state your name and city of residence, and make your presentation. The maximum time for the presentation is 3 minutes.

F. **PUBLIC HEARINGS**

1. **Case No. 22-23: Consideration of an Amendment to Title 17 of the Lawndale Municipal Code Pertaining to Development Standards for Accessory Dwelling Units to Reflect Recent Changes in State Law and Finding of Exemption from CEQA**

G. **REGULAR AGENDA**

None

H. ITEMS FROM THE DIRECTOR OF COMMUNITY DEVELOPMENT

I. ITEMS FROM THE PLANNING COMMISSION

J. ADJOURNMENT

The next regularly scheduled meeting of the Planning Commission will be held at 6:30 p.m. on Wednesday, November 23, 2022, in the Lawndale City Hall council chamber, 14717 Burin Avenue, Lawndale, California.

It is the intention of the City of Lawndale to comply with the Americans with Disabilities Act (ADA) in all respects. If, as an attendee or a participant at this meeting, you will need special assistance beyond what is normally provided, we will attempt to accommodate you in every reasonable manner. Please contact the Community Development Department at (310) 973-3230 prior to the meeting to inform us of your particular needs and to determine if accommodation is feasible. Please advise us at that time if you will need accommodations to attend or participate in meetings on a regular basis.

I hereby certify under penalty of perjury under the laws of the State of California that the agenda for the Planning Commission meeting to be held on November 9, 2022, was posted not less than 72 hours prior to the meeting.

Adrian Gutierrez,
Administrative Assistant II

**MINUTES OF THE
LAWNDALE PLANNING COMMISSION REGULAR MEETING
SEPTEMBER 28, 2022**

A. CALL TO ORDER

Chairperson Martinez called the regular meeting to order at 6:33 p.m. in the Lawndale City Hall Council Chamber, 14717 Burin Avenue, Lawndale, California.

B. ROLL CALL

Commissioners Present: Chairperson John Martinez, Vice Chairperson Scott Smith, Commissioner Price

Commissioners Absent: Commissioner Madonna Sitka, Commissioner Erick Escamilla

Other Participants: Assistant City Attorney Stephanie Gutierrez, Community Development Manager Jared Chavez, Associate Planner Jose Hernandez, Administrative Assistant II Adrian Gutierrez

C. PLEDGE OF ALLEGIANCE

Chairperson Martinez led the flag salute.

D. CONSENT CALENDAR

1. Minutes of the Lawndale Planning Commission Regular Meeting – August 10, 2022

Vice Chairperson Smith motioned to approve the minutes with a second from Commissioner Price. The vote was carried 3-0, with commissioners Sitka and Escamilla absent.

E. PUBLIC COMMENTS

None

F. PUBLIC HEARINGS

1. Case No. 22-23: Consideration to Add Chapter 17.104 to Title 17 of the Lawndale Municipal Code Pertaining to City Wide Streamline Standards for Electrical Vehicle Charging Stations

Associate Planner Hernandez gave a presentation on the item.

Chairperson Martinez had questions regarding level 1 and 2 type chargers. Vice Chairperson Smith pointed out that the existing electric vehicle chargers in the City are at Leuzinger High School and Lawndale High School.

Vice Chairperson Smith asked if the City will provide guidelines for installing and permitting electric vehicle chargers in multi-family buildings.

The public comment section was opened and closed by Chairperson Martinez since there was no audience present.

Commissioner Price motioned to adopt Resolution 22-05, setting forth findings of fact and that the City Council adopt a draft ordinance, and find and determine that the draft ordinance is exempt from the CEQA guidelines pursuant to section 15061(b)(3), with a second from Vice Chairperson Smith. The vote carried 3-0, with commissioners Sitka and Escamilla absent.

G. REGULAR AGENDA ITEMS

None

H. ITEMS FROM THE DIRECTOR OF COMMUNITY DEVELOPMENT

1. Santa’s Sleigh Event

Manager Chavez provided the Commission with possible dates to consider for volunteering in the Santa Sleigh Event.

The Commission requested to get back to Manager Chavez on a proposed date at a later time.

Manager Chavez spoke about submitting the revised draft for the updated Housing Element to the state. She also mentioned that the public can review the draft and make comments on it.

I. ITEMS FROM THE COMMISSION

Commissioner Price inquired about the attendance for the recent in-person General Plan Update Workshop. Manager Chavez responded to her inquiry.

The Commission and staff discussed how to make information about building permit requirements more accessible to the public.

J. ADJOURNMENT

Chairperson Martinez adjourned the meeting at 7:04 p.m. to the next regularly scheduled meeting to be held on Wednesday, October 12, 2022, at 6:30 p.m. at the Lawndale City Hall Council Chamber located at 14717 Burin Avenue, Lawndale, California.

AGENDA ITEM F-1

CITY OF LAWDALE PLANNING COMMISSION

STAFF REPORT

DATE: November 9, 2022

TO: Honorable Chairman and Members of the Planning Commission

REVIEWED BY: Jared Chavez, Community Development Manager 

PREPARED BY: Jose Hernandez, Associate Planner 

RE: **CASE NO. 22-28 – CONSIDERATION OF AN AMENDMENT TO TITLE 17 OF THE LAWDALE MUNICIPAL CODE PERTAINING TO DEVELOPMENT STANDARDS FOR ACCESSORY DWELLING UNITS TO REFLECT RECENT CHANGES IN STATE LAW AND FINDING OF EXEMPTION FROM CEQA**

PROJECT DESCRIPTION:

A public hearing to consider amending Title 17 of the Lawndale Municipal Code, pertaining to development standards for Accessory Dwelling Units (ADUs) and Junior Accessory Dwelling Units (JADUs) Citywide.

BACKGROUND:

Since 2016, there has been considerable discussion throughout California in developing solutions that would aid in the increase production of housing. As a result, the State Legislature passed a handful of laws that further limit local regulation of ADUs. Between 2016 and 2017 the following bills were authored and amended: AB 2406, AB 2299, SB 1069, AB 494, SB 229 and SB 1226.

In 2019, the California Legislature approved and the Governor signed into law a number of bills (“2019 ADU Laws”) that, among other things, amended Government Code section 65852.2 and 65852.22 to impose new limits on local authority to regulate ADUs and Junior ADUs (JADUs). The following bills were signed by Governor Newsom in 2019: AB 881, AB 68 and SB 13.

AGENDA ITEM F-1

The following year, 2020, AB 3182 and SB 1030 were signed into law and became effective on January 2021. These Bills required City agencies to approve one ADU and one JADU within a proposed or existing single-family dwelling.

Most recently in 2022, the California Legislature approved and the Governor signed into law two bills (Senate Bill No. 897 and Assembly Bill No. 2221) that amended Government Code section 65852.2 and 65852.22 to impose new limits on local authority to regulate Accessory Dwelling Units (ADUs) and Junior Accessory Dwelling Units (JADUs).

AB 2221 clarifies that a proposed detached ADU may include a detached garage. The bill also changes current law on timeframes for a local agency to “act” on an ADU/JADU application to a timeframe for the local agency to “approve or deny” the application. In addition, the bill prohibits local agencies from requiring front setback standards if those requirements make the project impossible to build. Other technical changes are included in this bill.

SB 897 clarifies and amends existing laws regarding ADU and a local agency’s ability to regulate these dwellings. Under this new law, the existing 16 foot max height for detached ADUs is changed to 18 feet if the detached ADU is within ½ mile from a major transit stop or high-quality transit corridor or if the proposed ADU is detached and on a lot that has an existing multifamily or multistory dwelling. In addition, an ADU may be proposed up to 25 feet in height if the ADU is attached to the primary SFR. It also clarifies the objective standard rule for ADUs, reaffirms a 60 day approval/denial timeline for local agencies, and adds other technical and clarifying changes to current ADU laws.

ANALYSIS:

The proposed amendments to the Lawndale Municipal Code are intended to bring the City’s ADU Ordinance into compliance with the recent changes in the State Laws. The proposed amendments to the Lawndale Municipal Code as it relates to ADUs and JADUs under SB 897 are the following:

- This bill would require that the standards imposed on accessory dwelling units be objective. For purposes of this requirement, the bill would define “objective standard” as a standard that involves no personal or subjective judgment by a public official and is uniformly verifiable, as specified. The bill would also prohibit a local agency from denying an application for a permit to create an accessory dwelling unit due to the correction of nonconforming zoning conditions, building

AGENDA ITEM F-1

code violations, or unpermitted structures that do not present a threat to public health and safety and are not affected by the construction of the accessory dwelling unit.

The City has adopted objective standards that do not involve personal or subjective judgment as part of approving or denying a proposed ADU. The objective standards listed in the City's ADU matrix table (handout) identify parking, height, setbacks, open space, design standards, owner occupancy and maximum ADU sizes.

- This bill would require a local agency to review and issue a demolition permit for a detached garage that is to be replaced by an accessory dwelling unit at the same time as it reviews and issues the permit for the accessory dwelling unit. The bill would prohibit an applicant from being required to provide written notice or post a placard for the demolition of a detached garage that is to be replaced by an accessory dwelling unit, as specified.

Currently, the State building code requires issuance of a demolition permit whenever a structure is proposed to be demolished, including a garage. In addition, no demolition permit is issued until a waste reduction recycling plan (WRRP) is approved by the city.

- This bill would increase the maximum height limitation that may be imposed by a local agency on an accessory dwelling unit to 18 feet if the accessory dwelling unit is within 1/2 mile walking distance of a major transit stop or a high-quality transit corridor, as those terms are defined, or if the accessory dwelling unit is detached and on a lot that has an existing multifamily, multistory dwelling, as specified. The bill would increase the maximum height limitation that may be imposed by a local agency on an accessory dwelling unit to 25 feet if the accessory dwelling unit is attached to a primary dwelling, except as specified.

The new bill allows detached ADUs to be built at 18 feet in height (one-story) if the ADU is within 1/2 mile walking distance of a major transit stop or a high-quality transit corridor. In addition, the new bill allows ADUs attached to a primary dwelling to be built at 25 feet in height. Currently, the City's ADU ordinance allows ADUs to be built up to 16 feet in height.

- This bill would provide that the construction of an accessory dwelling unit does not constitute a Group R occupancy change under the local building code, except as specified. The bill would prohibit the construction of an accessory dwelling unit from triggering a requirement that fire sprinklers be installed in the existing primary dwelling. If the existing multifamily dwelling exceeds applicable height requirements or has a rear or side setback of less than 4 feet, would prohibit a local agency from requiring any modification to the existing multifamily dwelling to

AGENDA ITEM F-1

satisfy these requirements. The bill would prohibit a local agency from rejecting an application for an accessory dwelling unit because the existing multifamily dwelling exceeds applicable height requirements or has a rear or side setback of less than 4 feet.

Group R occupancy structures refers to care facilities and lodging houses uses , as identified in the California Building Code, that may be located within a single-family dwelling. Building code compliances standards, such as fire sprinklers, are plan checked by the Building and Safety Department plan checker. In adopting this ordinance, the city will be compliant with making such determinations for existing primary single family dwellings.

- This bill would also prohibit a local agency from imposing any parking standards on an accessory dwelling unit that is included in an application to create a new single-family dwelling unit or a new multifamily dwelling on the same lot, provided that the accessory dwelling unit meets other specified requirements.

Currently the City's LMC does not require on-site parking , which is consistent with State ADU law, whenever the following instances occur: 1) The accessory dwelling unit is located within one-half mile walking distance of public transit, 2) The accessory dwelling unit is located within an architecturally and historically significant historic district, 3) The accessory dwelling unit is part of the proposed or existing primary residence or an accessory structure, 4) On-street parking permits are required but not offered to the occupant of the accessory dwelling unit, and 5) There is a car share vehicle located within one block of the accessory dwelling unit.

- This bill would require a permitting agency to return in writing a full set of comments to the applicant with a list of items that are defective or deficient and a description of how the application can be remedied by the applicant, if the permitting agency denies an application for an accessory dwelling unit or junior accessory dwelling unit.

Current ADU Law requires the approval or denial of a proposed ADU and/or JADU within 60 days of submitting a complete ADU application. Planning staff does provide a full set of comments to the applicant with a list of items that are defective or deficient to applicants with a proposed ADU or JADU. In addition, as part of the comments, staff includes suggestions to remedy the deficiency(s).

- This bill would specify that enclosed uses within the proposed or existing single-family residence, such as attached garages, are considered a part of the proposed or existing single-family residence. The bill would require a junior accessory dwelling unit that does not include a separate bathroom to include a

AGENDA ITEM F-1

separate entrance from the main entrance to the structure, with an interior entry to the main living area. The bill would also prohibit a local agency from denying an application for a permit to create a junior accessory dwelling unit due to the correction of nonconforming zoning conditions, building code violations, or unpermitted structures that do not present a threat to public health and safety and are not affected by the construction of the junior accessory dwelling unit.

This bill specifies that an interior entry to the main living area and a separate entry to the JADU is required if there is no separate bathroom to the proposed JADU. In addition, enclosed uses within the single family residence, such as a garage, may be proposed for a JADU, whereas previous bills did not specify.

- This bill would prohibit a local agency from denying a permit for an unpermitted accessory dwelling unit that was constructed before January 1, 2018, because, among other things, the unit is in violation of building standards or state or local standards applicable to accessory dwelling units, unless the local agency makes a finding that correcting the violation is necessary to protect the health and safety of the public or occupants of the structure. This bill would specify that this prohibition does not apply to a building that is deemed substandard under specified provisions of law.

Current LMC does allow applicants to apply for permits to legalize unpermitted ADUs built before January 1, 2018. In reviewing these types of proposals, staffs priority is to protect the health and safety of the public and/or occupants of a structure that is unpermitted. Unpermitted ADUs constructed prior to January 1, 2018 are designed and built different, respectively to the applicant's residential lot, which will require staff review so that the health and safety of the public and/or occupants is not compromised.

The proposed amendments to the Lawndale Municipal Code are intended to bring the City's ADU Ordinance into compliance with the recent changes in the State Laws. The proposed amendments to the Lawndale Municipal Code as it relates to ADUs and JADUs under AB 2221 are the following:

- This bill would specify that an accessory dwelling unit that is detached from the proposed or existing primary dwelling may include a detached garage.

Current LMC standards allow detached garages to be proposed as part of an ADU proposal. In addition, the proposed garage must comply with the underlying zoning code standards.

- This bill would require a permitting agency to approve or deny an application to serve an accessory dwelling unit or a junior accessory dwelling unit within the

AGENDA ITEM F-1

same timeframes. If a permitting agency denies an application for an accessory dwelling unit or junior accessory dwelling unit, the bill would require a permitting agency to return in writing a full set of comments to the applicant with a list of items that are defective or deficient and a description of how the application can be remedied by the applicant within the same timeframes. The bill would define "permitting agency" for its purposes.

Current ADU Law requires the approval or denial of a proposed ADU and/or JADU within 60 days of submitting a complete ADU application. Planning staff does provide a full set of comments to the applicant with a list of items that are defective or deficient to applicants with a proposed ADU or JADU. In addition, as part of the comments, staff includes suggestions to remedy the deficiency(s).

- This bill would additionally prohibit a local agency from establishing limits on front setbacks.

The proposed bill will allow ADUs to be proposed within the front yard setback where there is no other alternative to allow for the construction of an 800 (or less) square foot ADU. Current LMC does not permit or allow any size ADU to be built within the underlying residential zone front yard setback. The LMC will be updated to reflect the new ADU Bill and emphasize, as part of the proposed text, that the applicant foremost exhaust all possible methods to design and propose an ADU that is not located within the front yard of a residential zone lot.

ENVIRONMENTAL ASSESSMENT:

Staff is requesting that the Planning Commission recommend that the City Council determine that the proposed amendments are exempt from the California Environmental Quality Act (CEQA) pursuant to Public Resources Code Section 21080.17 and CEQA Guidelines section 15282(h). These sections statutorily exempt the adoption of an ordinance implementing provisions of Government Code Section 65852.1 and 65852.2. This ordinance would allow for the construction of accessory dwelling units and junior accessory dwelling units in residential zones consistent with and as required by state law. Additionally, the ordinance is exempt from CEQA under Section 15061(b)(3) of the CEQA Guidelines, which provides that CEQA only applies to projects that have the potential for causing a significant effect on the environment. Where, as here, it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. The proposed amendments to the Accessory Dwelling Unit Ordinance, are consistent with the state law.

AGENDA ITEM F-1

PUBLIC REVIEW:

Notices of a public hearing were posted on the bulletin board outside City Hall and published in the *Daily Breeze* on October 28, 2022. As of the writing of this staff report, no comments from the public have been received concerning the proposed Accessory Dwelling Unit Ordinance amendments.

LEGAL REVIEW:

The City Attorney has reviewed and approved of the draft ordinance.

RECOMMENDATION:

IT IS RECOMMENDED THAT the Planning Commission:

- 1) Conduct a public hearing;
- 2) Recommend the City Council find and determine that the draft ordinance is exempt from the California Environmental Quality Act ("CEQA") pursuant to Section 15061(b)(3) of the CEQA Guidelines; and
- 3) Adopt Resolution No. 22-06, setting forth findings of fact and recommending that the City Council adopt the draft ordinance.

ATTACHMENTS:

Resolution 22-06

RESOLUTION NO. 22-06

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF LAWDALE, CALIFORNIA RECOMMENDING THAT THE CITY COUNCIL AMEND TITLE 17 OF THE LAWDALE MUNICIPAL CODE, PERTAINING TO ACCESSORY DWELLING UNITS (CITY-WIDE) AND ADOPT A FINDING OF CEQA EXEMPTION

WHEREAS, in light of the statewide shortage of housing, the State Laws on accessory dwelling units have been expanded again to give property owners more latitude to add new housing units; and

WHEREAS, the Governor of the State of California signed Assembly Bill 2221 (AB 2221) and Senate Bill 897 (SB 897) which will be effective on January 1, 2023, to, among other things, make certain clarifying changes state laws related to Accessory Dwelling Units (“ADUs”) and Junior Accessory Dwelling Units (“JADUs”); and

WHEREAS, the Planning Commission now desires to recommend that the City Council revise the City’s Zoning Code related to ADUs and JADUs to make the Lawndale Municipal Code (LMC) comply with the Bills; and

WHEREAS, on November 9, 2022, the Planning Commission considered the proposed amendments to Title 17 of the LMC at a properly noticed public hearing; and

WHEREAS, evidence was heard and presented from all persons interested in affecting said proposal, from all persons protesting the same and from members of the City staff, and the Planning Commission has reviewed, analyzed and studied said proposal.

NOW, THEREFORE, THE PLANNING COMMISSION OF THE CITY OF LAWDALE, CALIFORNIA DOES HEREBY RESOLVE AND RECOMMEND AS FOLLOWS:

Section 1. The Planning Commission finds and determines that the recitals above are true and correct.

Section 2. The Planning Commission further finds and determines that the changes to the City’s Zoning Code made by this Ordinance are consistent with the General Plan of the City of Lawndale. Additionally, the proposed updates to the Lawndale Municipal Code would bring the City’s Code up to date with the State Laws pertaining to ADUs and JADUs.

Section 3. The Planning Commission does hereby recommend that the City Council amend the Lawndale Municipal Code, by adopting the proposed ordinance, amend the Code regarding Accessory Dwelling Units and Junior Accessory Dwelling Units in order to reflect recent changes in State Law.

Section 4. The Planning Commission does hereby recommend that the City Council find and determine that the proposed amendments are exempt from the California Environmental

Quality Act ("CEQA") pursuant to Public Resources Code Section 21080.17 and CEQA Guidelines section 15282(h). These sections statutorily exempt the adoption of an ordinance implementing provisions of Government Code Section 65852.1 and 65852.2. This ordinance would allow for the construction of accessory dwelling units and junior accessory dwelling units in residential zones consistent with and as required by state law. Additionally, the ordinance is exempt from CEQA under Section 15061(b)(3) of the CEQA Guidelines, which provides that CEQA only applies to projects that have the potential for causing a significant effect on the environment. Where, as here, it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. The amendments to the Lawndale Municipal Code would update the City's Accessory Dwelling Unit Ordinance in order to reflect recent changes in state law.

Draft Ordinance

DRAFT ORDINANCE NO. ____-22

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF
LAWNDALE, CALIFORNIA AMENDING CERTAIN SECTIONS IN
TITLE 17, ZONING, OF THE LAWNDALE MUNICIPAL CODE
REGARDING ACCESSORY DWELLING UNITS AND FINDING
OF EXEMPTION FROM CEQA

-DRAFT-

SUMMARY: This ordinance amends the regulations in the City’s Zoning Code for accessory dwelling units and junior accessory dwelling units consistent with new state law.

WHEREAS, in light of the statewide shortage of housing, the State laws on accessory dwelling units have been repeatedly expanded to give property owners more latitude to add new housing units; and

WHEREAS, the Governor of the State of California signed Assembly Bill 2221 (AB 2221) and Senate Bill 897 (SB 897), which will become effective on January 1, 2023 to, among other things, make certain clarifying changes state laws related to Accessory Dwelling Units (“ADUs”) and Junior Accessory Dwelling Units (“JADUs”); and

WHEREAS, the City Council now desires to revise the City’s Zoning Code regarding ADUs JADUs to make the City’s code more user friendly and compliant with the Bills; and

WHEREAS, the Planning Commission considered this ordinance at a properly noticed public hearing on November 9, 2022 and recommended adoption by the City Council; and

WHEREAS, the City Council, after notice duly given as required by law, held a public hearing on _____, 2022 in the City Hall council chamber located at 14717 Burin Avenue, Lawndale, California, to consider this matter.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LAWNDALE, CALIFORNIA, DOES ORDAIN AS FOLLOWS:

SECTION 1. The City Council of the City of Lawndale hereby makes the following findings:

- A. The above recitals are true and correct and incorporated fully herein.
- B. The changes to the Zoning Code (Title 17) of the City of Lawndale made by this Ordinance are consistent with the General Plan of the City of Lawndale.

SECTION 2. Section 17.48.056, subsection A, of the Lawndale Municipal Code is amended to read, in its entirety, as follows (deletions marked in ~~strike through~~, additions in ***bold and italics***):

“17.48.056 Accessory dwelling units

- A. Permit Requirements. Accessory dwelling units will be permitted ministerial, subject to compliance with the ***objective standards and*** regulations for the applicable zone, in areas zoned to allow single-family or multifamily residential use within sixty days of a complete application if there is an

existing single-family or multifamily dwelling on the lot, in accordance with state law, including but not limited to, Government Code Sections 65852.2 and 65852.22. If the permit application to create an accessory dwelling unit is submitted with a permit application to create a new single-family dwelling on the lot, the city may delay acting on the permit application for the accessory dwelling unit or the junior accessory dwelling unit until it acts on the permit application to create the new single-family dwelling, but in such event the application to create the accessory dwelling unit or junior accessory dwelling unit will be considered without discretionary review or hearing. Accessory dwelling units do not exceed the allowable density for the lot upon which the accessory dwelling unit is located and will be considered a residential use that is consistent with the existing general plan and zoning designation for the lot.”

SECTION 3. Section 17.48.056, subsection D, of the Lawndale Municipal Code is amended to read, in its entirety, as follows (deletions marked in ~~strike through~~, additions in ***bold and italics***):

“D. Notwithstanding any other requirements of this Title 17, the city will ministerially approve an application for a building permit within a residential or mixed-use zone to create any of the following:

1. One ADU per lot with a proposed or existing single-family dwelling if all of the following apply:

a. The ~~ADU or~~ JADU is within the proposed space of a single-family dwelling or existing space of a single-family dwelling or accessory structure and not more than one hundred fifty square feet beyond the same physical dimensions of the existing accessory structure if necessary to accommodate ingress and egress.

b. The space has exterior access separate from the proposed or existing single-family dwelling.

c. The side and rear setbacks are sufficient for fire and safety.

d. The JADU complies with the requirements in Section 17.48.057.

2. One detached, new construction, ADU per lot that does not exceed four-foot side and rear yard setbacks for a lot with a proposed or existing single-family dwelling. The ADU may be combined with a JADU described above in Section 17.48.056(D)(1). The following limitations shall apply to the ADU:

a. A total floor area limitation of eight hundred square feet

~~b. A height limitation of sixteen feet.~~

b. A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed single family or multifamily dwelling unit that is within one-half of one mile walking distance of a major transit stop or a high-quality transit corridor, as those terms are defined in Section 21155 of the Public Resources Code. An additional two feet in height may be accommodated if a roof pitch of the accessory dwelling unit is aligned with the roof pitch of the primary dwelling unit (limited to one-story).

c. A height limitation of 25 feet (two stories) or the height limitation in the underlying zoning that applies to the primary dwelling (existing or proposed two-story), whichever is lower, for an accessory dwelling unit that is attached to a primary dwelling (existing or proposed two-story).

3. Multiple ADUs within the portions of existing multifamily dwelling structures that are not used as livable space, including, but not limited to, storage rooms, boiler rooms, passageways, attics, basements, or garages, if each unit complies with state building standards for dwellings. The City will allow at least one ADU and up to twenty-five percent of the existing number of multifamily dwelling units.

4. Not more than two ADUs that are located on a lot that has an existing *or proposed* multifamily dwelling(s), but are detached from that multifamily dwelling. Such ADUs shall be subject to a height limit of ~~sixteen feet~~ *eighteen feet* and four-foot rear yard and side setbacks.”

SECTION 4. Section 17.48.056, subsection C, of the Lawndale Municipal Code is amended to read, in its entirety, as follows (deletions marked in ~~strike through~~, additions in *bold and italics*):

“C. Accessory dwelling units on a lot zoned for single-family or multifamily use that is either attached or detached from the primary structure must comply with the following requirements:

1. The lot on which an accessory dwelling unit is located must be one in which residential uses are permitted and contain an existing or proposed single-family or multifamily dwelling.
2. The accessory dwelling unit will be located on the same lot as the proposed or existing primary dwelling and either: (a) attached to; (b) located within the proposed or existing primary dwelling, including attached garages, storage areas or similar uses; (c) within an accessory structure; or (d) detached from the proposed or existing primary dwelling.
3. No more than one accessory dwelling unit is permitted, except as allowed by subsection D of this section.
4. The total area of floor space of an attached accessory dwelling unit shall not exceed either: (a) fifty percent of the existing primary dwelling living area, but in no case shall said requirement prohibit an eight hundred square foot accessory dwelling unit; or (b) eight hundred fifty square feet for a unit with one bedroom; or (c) one thousand square feet for an accessory dwelling unit that provides more than one bedroom.
5. The total area of floor space of a detached accessory dwelling unit shall not exceed one thousand square feet for an accessory dwelling unit that provides more than one bedroom.
6. Accessory dwelling units shall comply, without limitation, with all applicable building and safety codes as adopted by Title 15 of the Lawndale Municipal Code.
7. No passageway shall be required in conjunction with the construction of an accessory dwelling unit.
8. No setback shall be required for an ADU constructed within an existing living area or accessory structure or a structure constructed in the same location and to the same dimensions as an existing structure that is converted to an ADU or to a portion of an ADU. However, a setback of four feet from the side and rear lot lines shall be required for both an accessory dwelling unit that is not converted from an existing structure and any new structure constructed in the same location and to the same dimensions as an existing structure.
9. The ADU shall comply with the lot coverage *percentage* and open space requirements of the zone in which the parcel is located, except that application of this standard shall not preclude the

construction of an ADU of at least eight hundred square feet with four-foot side and rear yard setbacks, in compliance with all other local development standards.

10. An ADU will not be required to provide fire sprinklers if they are not required for the primary residence.

11. The accessory dwelling unit shall be architecturally compatible and designed such that it matches with the design of the primary dwelling unit in terms of exterior treatment, landscaping, and architecture, including, but not limited to, roofing pitch, roofing materials, and paint color.

12. The maximum height of an accessory dwelling unit shall be ***eighteen*** ~~sixteen~~ feet in height ***or twenty five feet if the ADU meets the requirements set forth under Section 17.48.056 (D)(2)(c).***

13. Parking requirements for accessory dwelling units shall be one parking space per accessory dwelling unit. These parking spaces may be provided as tandem parking, including on a driveway or in setback areas, excluding the non-driveway front yard setback. No parking shall be required for an accessory dwelling unit in any of the following circumstances:

- a. The accessory dwelling unit is located within one-half mile walking distance of public transit.
- b. The accessory dwelling unit is located within an architecturally and historically significant historic district.
- c. The accessory dwelling unit is part of the proposed or existing primary residence or an accessory structure.
- d. On-street parking permits are required but not offered to the occupant of the accessory dwelling unit.
- e. There is a car share vehicle located within one block of the accessory dwelling unit.

14. When a garage, carport, or covered parking structure is demolished in conjunction with the construction of an accessory dwelling unit or converted to an accessory dwelling unit, the city will not require that those off-street parking spaces be replaced.

15. Other than as set forth in subsection (A)(14) above, nothing in this section shall prohibit the City from enforcing the parking requirements for the existing single-family residence or multi-family residence on the same parcel as the ADU, in a manner consistent with state law.

16. Before permit issuance, the city shall be provided with a copy of the recorded deed restriction, which shall run with the land, using the city's form, memorializing the following: (a) starting January 1, 2026, either the primary residence or the accessory dwelling unit must be owner-occupied at all times as required by state law; (b) the accessory dwelling unit shall not be sold or owned separately from the primary residence, and the property shall not be subdivided in any manner which would authorize such separate sale or ownership; (c) neither the primary residence nor the accessory dwelling unit on the property may be rented for a period of less than thirty days; and (d) the accessory dwelling unit may not exceed the size and attributes described in the deed restriction. This section shall comply with any future amendments to state law.

17. Building Separation. An accessory dwelling unit shall comply with the building separation requirements of the underlying zone including the twenty foot building separation requirement in the Single Family Residential (R-1) zone, but in no case shall said requirement prohibit an accessory

dwelling unit that is a minimum of eight hundred square feet, maximum of ~~eighteen~~ sixteen feet in height with four-foot side and rear yard setbacks.

18. Landscaping. All setback areas shall be landscaped as required by Section 17.44.015 of this code.

19. Location. An ADU of at least 800 square feet shall exhaust all possible scenarios and/or options before considering a proposal to locate an ADU within the front yard setback, which include the following in no particular order:

a. ADU proposal at the rear and or side yard of the subject lot (detached or conversion of an existing legal structure).

b. ADU proposal within the legal enclosed area of a proposed or existing single family residence of the subject lot.

c. ADU proposal that is an expansion/addition of a proposed or existing singly family residence.

d. All applicable Lawndale Municipal Code development standards of the underlying zone must be met."

SECTION 5. Section 17.48.057, subsection B, of the Lawndale Municipal Code is amended to read, in its entirety, as follows (deletions marked in ~~striketrough~~, additions in ***bold and italics***):

"B. A JADU shall include a separate exterior entrance from the main entrance to the primary dwelling unit, unless if a permitted junior accessory dwelling unit does not include a separate bathroom, the permitted junior accessory dwelling unit shall include a separate entrance from the main entrance to the structure, with an interior entry to the main living area."

SECTION 6. The definition of "accessory dwelling unit" set forth in Section 17.08.020 of the Lawndale Municipal Code is amended to read, in its entirety, as follows (deletions marked in ~~striketrough~~, additions in ***bold and italics***):

"Junior accessory dwelling unit" or "JADU" means a unit that is no more than five hundred square feet in size which is contained entirely within a single-family residencee enclosed uses within the residence, such as attached garages, are considered a part of the proposed or existing single-family residence. A junior accessory dwelling unit may include separate sanitation facilities, or may share sanitation facilities with the existing structure. This definition shall be interpreted as consistent with and including the definition of junior accessory dwelling unit found in Government Code Section 65852.22."

SECTION 7. This Ordinance is exempt from the California Environmental Quality Act ("CEQA") pursuant to Public Resources Code Section 21080.17 and CEQA Guidelines section 15282(h). These sections statutorily exempt the adoption of an ordinance implementing provisions of Government Code Section 65852.1 and 65852.2. This ordinance would allow for the construction of accessory dwelling units and junior accessory dwelling units in residential zones consistent with and as required by state law. Additionally, this ordinance is exempt from CEQA under Section 15061(b)(3) of the CEQA Guidelines, which provides that CEQA only applies to projects that have the potential for causing a significant effect on the environment. Where, as here, it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.

SECTION 8. If any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be invalid or unconstitutional by a decision of any court of any competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council hereby declares that it would have passed this Ordinance, and each and every section, subsection, sentence, clause and phrase thereof not declared invalid or unconstitutional without regard to whether any portion of the Ordinance would be subsequently declared invalid or unconstitutional.

SECTION 9. The City Clerk shall certify to the passage and adoption of this ordinance, and shall make a minute of the passage and adoption thereof in the records of and the proceedings of the City Council at which the same is passed and adopted. This ordinance shall be in full force and effect thirty (30) days after its final passage and adoption, and within fifteen (15) days after its final passage, the City Clerk shall cause it to be posted and published in a newspaper of general circulation in the manner required by law.

PASSED, APPROVED, AND ADOPTED this ____ day of _____, 2022.

Assembly Bill No. 2221

CHAPTER 650

An act to repeal and amend Section 65852.2 of the Government Code, relating to land use.

[Approved by Governor September 28, 2022. Filed with Secretary of State
September 28, 2022.]

LEGISLATIVE COUNSEL'S DIGEST

AB 2221, Quirk-Silva. Accessory dwelling units.

The Planning and Zoning Law, among other things, provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. Existing law requires a local ordinance to require an accessory dwelling unit to be either attached to, or located within, the proposed or existing primary dwelling, as specified, or detached from the proposed or existing primary dwelling and located on the same lot as the proposed or existing primary dwelling.

This bill would specify that an accessory dwelling unit that is detached from the proposed or existing primary dwelling may include a detached garage.

Existing law requires a permitting agency to act on an application to create an accessory dwelling unit or a junior accessory dwelling unit within specified timeframes.

This bill would require a permitting agency to approve or deny an application to serve an accessory dwelling unit or a junior accessory dwelling unit within the same timeframes. If a permitting agency denies an application for an accessory dwelling unit or junior accessory dwelling unit, the bill would require a permitting agency to return in writing a full set of comments to the applicant with a list of items that are defective or deficient and a description of how the application can be remedied by the applicant within the same timeframes. The bill would define "permitting agency" for its purposes.

Existing law authorizes a local agency to establish minimum and maximum unit size requirements for attached and detached accessory dwelling units, subject to certain exceptions, including that a local agency is prohibited from establishing limits on lot coverage, floor area ratio, open space, and minimum lot size, that do not permit the construction of at least an 800 square foot accessory dwelling unit, as specified.

This bill would additionally prohibit a local agency from establishing limits on front setbacks, as described above.

This bill would incorporate additional changes to Section 65852.2 of the Government Code proposed by SB 897 to be operative only if this bill and SB 897 are enacted and this bill is enacted last.

By imposing additional duties on local governments in the administration of the development of accessory dwelling units, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority Appropriation: no Fiscal Committee: yes Local Program: yes

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 65852.2 of the Government Code, as amended by Section 1 of Chapter 343 of the Statutes of 2021, is amended to read:

65852.2. (a) (1) A local agency may, by ordinance, provide for the creation of accessory dwelling units in areas zoned to allow single-family or multifamily dwelling residential use. The ordinance shall do all of the following:

(A) Designate areas within the jurisdiction of the local agency where accessory dwelling units may be permitted. The designation of areas may be based on the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. A local agency that does not provide water or sewer services shall consult with the local water or sewer service provider regarding the adequacy of water and sewer services before designating an area where accessory dwelling units may be permitted.

(B) (i) Impose standards on accessory dwelling units that include, but are not limited to, parking, height, setback, landscape, architectural review, maximum size of a unit, and standards that prevent adverse impacts on any real property that is listed in the California Register of Historical Resources. These standards shall not include requirements on minimum lot size.

(ii) Notwithstanding clause (i), a local agency may reduce or eliminate parking requirements for any accessory dwelling unit located within its jurisdiction.

(C) Provide that accessory dwelling units do not exceed the allowable density for the lot upon which the accessory dwelling unit is located, and that accessory dwelling units are a residential use that is consistent with the existing general plan and zoning designation for the lot.

(D) Require the accessory dwelling units to comply with all of the following:

(i) Except as provided in Section 65852.26, the accessory dwelling unit may be rented separate from the primary residence, but may not be sold or otherwise conveyed separate from the primary residence.

(ii) The lot is zoned to allow single-family or multifamily dwelling residential use and includes a proposed or existing dwelling.

(iii) The accessory dwelling unit is either attached to, or located within, the proposed or existing primary dwelling, including attached garages, storage areas or similar uses, or an accessory structure or detached from the proposed or existing primary dwelling and located on the same lot as the proposed or existing primary dwelling, including detached garages.

(iv) If there is an existing primary dwelling, the total floor area of an attached accessory dwelling unit shall not exceed 50 percent of the existing primary dwelling.

(v) The total floor area for a detached accessory dwelling unit shall not exceed 1,200 square feet.

(vi) No passageway shall be required in conjunction with the construction of an accessory dwelling unit.

(vii) No setback shall be required for an existing living area or accessory structure or a structure constructed in the same location and to the same dimensions as an existing structure that is converted to an accessory dwelling unit or to a portion of an accessory dwelling unit, and a setback of no more than four feet from the side and rear lot lines shall be required for an accessory dwelling unit that is not converted from an existing structure or a new structure constructed in the same location and to the same dimensions as an existing structure.

(viii) Local building code requirements that apply to detached dwellings, as appropriate.

(ix) Approval by the local health officer where a private sewage disposal system is being used, if required.

(x) (I) Parking requirements for accessory dwelling units shall not exceed one parking space per accessory dwelling unit or per bedroom, whichever is less. These spaces may be provided as tandem parking on a driveway.

(II) Offstreet parking shall be permitted in setback areas in locations determined by the local agency or through tandem parking, unless specific findings are made that parking in setback areas or tandem parking is not feasible based upon specific site or regional topographical or fire and life safety conditions.

(III) This clause shall not apply to an accessory dwelling unit that is described in subdivision (d).

(xi) When a garage, carport, or covered parking structure is demolished in conjunction with the construction of an accessory dwelling unit or converted to an accessory dwelling unit, the local agency shall not require that those offstreet parking spaces be replaced.

(xii) Accessory dwelling units shall not be required to provide fire sprinklers if they are not required for the primary residence.

(2) The ordinance shall not be considered in the application of any local ordinance, policy, or program to limit residential growth.

(3) (A) A permit application for an accessory dwelling unit or a junior accessory dwelling unit shall be considered and approved ministerially without discretionary review or a hearing, notwithstanding Section 65901 or 65906 or any local ordinance regulating the issuance of variances or special use permits. The permitting agency shall approve or deny an application to create or serve an accessory dwelling unit or a junior accessory dwelling unit within 60 days from the date the permitting agency receives a completed application if there is an existing single-family or multifamily dwelling on the lot. If the permit application to create or serve an accessory dwelling unit or a junior accessory dwelling unit is submitted with a permit application to create or serve a new single-family or multifamily dwelling on the lot, the permitting agency may delay approving or denying the permit application for the accessory dwelling unit or the junior accessory dwelling unit until the permitting agency approves or denies the permit application to create or serve the new single-family or multifamily dwelling, but the application to create or serve the accessory dwelling unit or junior accessory dwelling unit shall be considered without discretionary review or hearing. If the applicant requests a delay, the 60-day time period shall be tolled for the period of the delay. If the local agency has not approved or denied the completed application within 60 days, the application shall be deemed approved. A local agency may charge a fee to reimburse it for costs incurred to implement this paragraph, including the costs of adopting or amending any ordinance that provides for the creation or service of an accessory dwelling unit.

(B) If a permitting agency denies an application for an accessory dwelling unit or junior accessory dwelling unit pursuant to subparagraph (A), the permitting agency shall, within the time period described in subparagraph (A), return in writing a full set of comments to the applicant with a list of items that are defective or deficient and a description of how the application can be remedied by the applicant.

(4) An existing ordinance governing the creation of an accessory dwelling unit by a local agency or an accessory dwelling ordinance adopted by a local agency shall provide an approval process that includes only ministerial provisions for the approval of accessory dwelling units and shall not include any discretionary processes, provisions, or requirements for those units, except as otherwise provided in this subdivision. If a local agency has an existing accessory dwelling unit ordinance that fails to meet the requirements of this subdivision, that ordinance shall be null and void and that agency shall thereafter apply the standards established in this subdivision for the approval of accessory dwelling units, unless and until the agency adopts an ordinance that complies with this section.

(5) No other local ordinance, policy, or regulation shall be the basis for the delay or denial of a building permit or a use permit under this subdivision.

(6) A local agency may amend its zoning ordinance or general plan to incorporate the policies, procedures, or other provisions applicable to the creation of an accessory dwelling unit if these provisions are consistent with the limitations of this subdivision.

(7) An accessory dwelling unit that conforms to this subdivision shall be deemed to be an accessory use or an accessory building and shall not be considered to exceed the allowable density for the lot upon which it is located, and shall be deemed to be a residential use that is consistent with the existing general plan and zoning designations for the lot. The accessory dwelling unit shall not be considered in the application of any local ordinance, policy, or program to limit residential growth.

(8) (A) This subdivision establishes the maximum standards that local agencies shall use to evaluate a proposed accessory dwelling unit on a lot that includes a proposed or existing single-family dwelling. No additional standards, other than those provided in this subdivision, shall be used or imposed, except that, subject to subparagraphs (B) and (C), a local agency may require an applicant for a permit issued pursuant to this subdivision to be an owner-occupant.

(B) (i) Notwithstanding subparagraph (A), a local agency shall not impose an owner-occupant requirement on an accessory dwelling unit before January 1, 2025.

(ii) Notwithstanding subparagraph (A), a local agency shall not impose an owner-occupant requirement on an accessory dwelling unit that was permitted between January 1, 2020, and January 1, 2025.

(C) Notwithstanding subparagraphs (A) and (B), a local agency may require that an accessory dwelling unit be used for rentals of terms longer than 30 days.

(b) (1) When a local agency that has not adopted an ordinance governing accessory dwelling units in accordance with subdivision (a) receives an application for a permit to create or serve an accessory dwelling unit pursuant to this subdivision, the local agency shall approve or disapprove the application ministerially without discretionary review pursuant to subdivision (a). The permitting agency shall either approve or deny the application to create an accessory dwelling unit or a junior accessory dwelling unit within 60 days from the date the permitting agency receives a completed application if there is an existing single-family or multifamily dwelling on the lot. If the permit application to create or serve an accessory dwelling unit or a junior accessory dwelling unit is submitted with a permit application to create a new single-family or multifamily dwelling on the lot, the permitting agency may delay approving or denying the permit application for the accessory dwelling unit or the junior accessory dwelling unit until the permitting agency approves or denies the permit application to create or serve the new single-family or multifamily dwelling, but the application to create or serve the accessory dwelling unit or junior accessory dwelling unit shall still be considered ministerially without discretionary review or a hearing. If the applicant requests a delay, the 60-day time period shall be tolled for the period of the delay. If the local agency has not approved or denied the completed application within 60 days, the application shall be deemed approved.

(2) If a permitting agency denies an application for an accessory dwelling unit or junior accessory dwelling unit pursuant to paragraph (1), the permitting agency shall, within the time period described in subparagraph (1), return in writing a full set of comments to the applicant with a list of items that are defective or deficient and a description of how the application can be remedied by the applicant.

(c) (1) Subject to paragraph (2), a local agency may establish minimum and maximum unit size requirements for both attached and detached accessory dwelling units.

(2) Notwithstanding paragraph (1), a local agency shall not establish by ordinance any of the following:

(A) A minimum square footage requirement for either an attached or detached accessory dwelling unit that prohibits an efficiency unit.

(B) A maximum square footage requirement for either an attached or detached accessory dwelling unit that is less than either of the following:

(i) 850 square feet.

(ii) 1,000 square feet for an accessory dwelling unit that provides more than one bedroom.

(C) Any other minimum or maximum size for an accessory dwelling unit, size based upon a percentage of the proposed or existing primary dwelling, or limits on lot coverage, floor area ratio, open space, front setbacks, and minimum lot size, for either attached or detached dwellings that does not permit at least an 800 square foot accessory dwelling unit that is at least 16 feet in height with four-foot side and rear yard setbacks to be constructed in compliance with all other local development standards.

(d) Notwithstanding any other law, a local agency, whether or not it has adopted an ordinance governing accessory dwelling units in accordance with subdivision (a), shall not impose parking standards for an accessory

dwelling unit in any of the following instances:

- (1) The accessory dwelling unit is located within one-half mile walking distance of public transit.
- (2) The accessory dwelling unit is located within an architecturally and historically significant historic district.
- (3) The accessory dwelling unit is part of the proposed or existing primary residence or an accessory structure.
- (4) When onstreet parking permits are required but not offered to the occupant of the accessory dwelling unit.
- (5) When there is a car share vehicle located within one block of the accessory dwelling unit.

(e) (1) Notwithstanding subdivisions (a) to (d), inclusive, a local agency shall ministerially approve an application for a building permit within a residential or mixed-use zone to create any of the following:

(A) One accessory dwelling unit and one junior accessory dwelling unit per lot with a proposed or existing single-family dwelling if all of the following apply:

(i) The accessory dwelling unit or junior accessory dwelling unit is within the proposed space of a single-family dwelling or existing space of a single-family dwelling or accessory structure and may include an expansion of not more than 150 square feet beyond the same physical dimensions as the existing accessory structure. An expansion beyond the physical dimensions of the existing accessory structure shall be limited to accommodating ingress and egress.

(ii) The space has exterior access from the proposed or existing single-family dwelling.

(iii) The side and rear setbacks are sufficient for fire and safety.

(iv) The junior accessory dwelling unit complies with the requirements of Section 65852.22.

(B) One detached, new construction, accessory dwelling unit that does not exceed four-foot side and rear yard setbacks for a lot with a proposed or existing single-family dwelling. The accessory dwelling unit may be combined with a junior accessory dwelling unit described in subparagraph (A). A local agency may impose the following conditions on the accessory dwelling unit:

(i) A total floor area limitation of not more than 800 square feet.

(ii) A height limitation of 16 feet.

(C) (i) Multiple accessory dwelling units within the portions of existing multifamily dwelling structures that are not used as livable space, including, but not limited to, storage rooms, boiler rooms, passageways, attics, basements, or garages, if each unit complies with state building standards for dwellings.

(ii) A local agency shall allow at least one accessory dwelling unit within an existing multifamily dwelling and shall allow up to 25 percent of the existing multifamily dwelling units.

(D) Not more than two accessory dwelling units that are located on a lot that has an existing multifamily dwelling, but are detached from that multifamily dwelling and are subject to a height limit of 16 feet and four-foot rear yard and side setbacks.

(2) A local agency shall not require, as a condition for ministerial approval of a permit application for the creation of an accessory dwelling unit or a junior accessory dwelling unit, the correction of nonconforming zoning conditions.

(3) The installation of fire sprinklers shall not be required in an accessory dwelling unit if sprinklers are not required for the primary residence.

(4) A local agency may require owner-occupancy for either the primary dwelling or the accessory dwelling unit on a single-family lot, subject to the requirements of paragraph (8) of subdivision (a).

(5) A local agency shall require that a rental of the accessory dwelling unit created pursuant to this subdivision be for a term longer than 30 days.

(6) A local agency may require, as part of the application for a permit to create an accessory dwelling unit connected to an onsite wastewater treatment system, a percolation test completed within the last five years, or, if the percolation test has been recertified, within the last 10 years.

(7) Notwithstanding subdivision (c) and paragraph (1) a local agency that has adopted an ordinance by July 1, 2018, providing for the approval of accessory dwelling units in multifamily dwelling structures shall ministerially consider a permit application to construct an accessory dwelling unit that is described in paragraph (1), and may impose standards including, but not limited to, design, development, and historic standards on said accessory dwelling units. These standards shall not include requirements on minimum lot size.

(f) (1) Fees charged for the construction of accessory dwelling units shall be determined in accordance with Chapter 5 (commencing with Section 66000) and Chapter 7 (commencing with Section 66012).

(2) An accessory dwelling unit shall not be considered by a local agency, special district, or water corporation to be a new residential use for purposes of calculating connection fees or capacity charges for utilities, including water and sewer service, unless the accessory dwelling unit was constructed with a new single-family dwelling.

(3) (A) A local agency, special district, or water corporation shall not impose any impact fee upon the development of an accessory dwelling unit less than 750 square feet. Any impact fees charged for an accessory dwelling unit of 750 square feet or more shall be charged proportionately in relation to the square footage of the primary dwelling unit.

(B) For purposes of this paragraph, "impact fee" has the same meaning as the term "fee" is defined in subdivision (b) of Section 66000, except that it also includes fees specified in Section 66477. "Impact fee" does not include any connection fee or capacity charge charged by a local agency, special district, or water corporation.

(4) For an accessory dwelling unit described in subparagraph (A) of paragraph (1) of subdivision (e), a local agency, special district, or water corporation shall not require the applicant to install a new or separate utility connection directly between the accessory dwelling unit and the utility or impose a related connection fee or capacity charge, unless the accessory dwelling unit was constructed with a new single-family dwelling.

(5) For an accessory dwelling unit that is not described in subparagraph (A) of paragraph (1) of subdivision (e), a local agency, special district, or water corporation may require a new or separate utility connection directly between the accessory dwelling unit and the utility. Consistent with Section 66013, the connection may be subject to a connection fee or capacity charge that shall be proportionate to the burden of the proposed accessory dwelling unit, based upon either its square feet or the number of its drainage fixture unit (DFU) values, as defined in the Uniform Plumbing Code adopted and published by the International Association of Plumbing and Mechanical Officials, upon the water or sewer system. This fee or charge shall not exceed the reasonable cost of providing this service.

(g) This section shall supersede a conflicting local ordinance. This section does not limit the authority of local agencies to adopt less restrictive requirements for the creation of an accessory dwelling unit.

(h) (1) A local agency shall submit a copy of the ordinance adopted pursuant to subdivision (a) to the Department of Housing and Community Development within 60 days after adoption. After adoption of an ordinance, the department may submit written findings to the local agency as to whether the ordinance complies with this section.

(2) (A) If the department finds that the local agency's ordinance does not comply with this section, the department shall notify the local agency and shall provide the local agency with a reasonable time, no longer than 30 days, to respond to the findings before taking any other action authorized by this section.

(B) The local agency shall consider the findings made by the department pursuant to subparagraph (A) and shall do one of the following:

(i) Amend the ordinance to comply with this section.

(ii) Adopt the ordinance without changes. The local agency shall include findings in its resolution adopting the ordinance that explain the reasons the local agency believes that the ordinance complies with this section despite the findings of the department.

(3) (A) If the local agency does not amend its ordinance in response to the department's findings or does not adopt a resolution with findings explaining the reason the ordinance complies with this section and addressing the department's findings, the department shall notify the local agency and may notify the Attorney General that the local agency is in violation of state law.

(B) Before notifying the Attorney General that the local agency is in violation of state law, the department may consider whether a local agency adopted an ordinance in compliance with this section between January 1, 2017, and January 1, 2020.

(i) The department may review, adopt, amend, or repeal guidelines to implement uniform standards or criteria that supplement or clarify the terms, references, and standards set forth in this section. The guidelines adopted pursuant to this subdivision are not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2.

(j) As used in this section, the following terms mean:

(1) "Accessory dwelling unit" means an attached or a detached residential dwelling unit that provides complete independent living facilities for one or more persons and is located on a lot with a proposed or existing primary residence. It shall include permanent provisions for living, sleeping, eating, cooking, and sanitation on the same parcel as the single-family or multifamily dwelling is or will be situated. An accessory dwelling unit also includes the following:

(A) An efficiency unit.

(B) A manufactured home, as defined in Section 18007 of the Health and Safety Code.

(2) "Accessory structure" means a structure that is accessory and incidental to a dwelling located on the same lot.

(3) "Efficiency unit" has the same meaning as defined in Section 17958.1 of the Health and Safety Code.

(4) "Living area" means the interior habitable area of a dwelling unit, including basements and attics, but does not include a garage or any accessory structure.

(5) "Local agency" means a city, county, or city and county, whether general law or chartered.

(6) "Nonconforming zoning condition" means a physical improvement on a property that does not conform with current zoning standards.

(7) "Passageway" means a pathway that is unobstructed clear to the sky and extends from a street to one entrance of the accessory dwelling unit.

(8) "Proposed dwelling" means a dwelling that is the subject of a permit application and that meets the requirements for permitting.

(9) "Public transit" means a location, including, but not limited to, a bus stop or train station, where the public may access buses, trains, subways, and other forms of transportation that charge set fares, run on fixed routes, and are available to the public.

(10) "Tandem parking" means that two or more automobiles are parked on a driveway or in any other location on a lot, lined up behind one another.

(11) "Permitting agency" means any entity that is involved in the review of a permit for an accessory dwelling unit or junior accessory dwelling unit and for which there is no substitute, including, but not limited to, applicable planning departments, building departments, utilities, and special districts.

(k) A local agency shall not issue a certificate of occupancy for an accessory dwelling unit before the local agency issues a certificate of occupancy for the primary dwelling.

(l) Nothing in this section shall be construed to supersede or in any way alter or lessen the effect or application of the California Coastal Act of 1976 (Division 20 (commencing with Section 30000) of the Public Resources Code), except that the local government shall not be required to hold public hearings for coastal development permit applications for accessory dwelling units.

(m) A local agency may count an accessory dwelling unit for purposes of identifying adequate sites for housing, as specified in subdivision (a) of Section 65583.1, subject to authorization by the department and compliance with this division.

(n) In enforcing building standards pursuant to Article 1 (commencing with Section 17960) of Chapter 5 of Part 1.5 of Division 13 of the Health and Safety Code for an accessory dwelling unit described in paragraph (1) or (2),

a local agency, upon request of an owner of an accessory dwelling unit for a delay in enforcement, shall delay enforcement of a building standard, subject to compliance with Section 17980.12 of the Health and Safety Code:

(1) The accessory dwelling unit was built before January 1, 2020.

(2) The accessory dwelling unit was built on or after January 1, 2020, in a local jurisdiction that, at the time the accessory dwelling unit was built, had a noncompliant accessory dwelling unit ordinance, but the ordinance is compliant at the time the request is made.

SEC. 1.5. Section 65852.2 of the Government Code, as amended by Section 1 of Chapter 343 of the Statutes of 2021, is amended to read:

65852.2. (a) (1) A local agency may, by ordinance, provide for the creation of accessory dwelling units in areas zoned to allow single-family or multifamily dwelling residential use. The ordinance shall do all of the following:

(A) Designate areas within the jurisdiction of the local agency where accessory dwelling units may be permitted. The designation of areas may be based on the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. A local agency that does not provide water or sewer services shall consult with the local water or sewer service provider regarding the adequacy of water and sewer services before designating an area where accessory dwelling units may be permitted.

(B) (i) Impose objective standards on accessory dwelling units that include, but are not limited to, parking, height, setback, landscape, architectural review, maximum size of a unit, and standards that prevent adverse impacts on any real property that is listed in the California Register of Historical Resources. These standards shall not include requirements on minimum lot size.

(ii) Notwithstanding clause (i), a local agency may reduce or eliminate parking requirements for any accessory dwelling unit located within its jurisdiction.

(C) Provide that accessory dwelling units do not exceed the allowable density for the lot upon which the accessory dwelling unit is located, and that accessory dwelling units are a residential use that is consistent with the existing general plan and zoning designation for the lot.

(D) Require the accessory dwelling units to comply with all of the following:

(i) Except as provided in Section 65852.26, the accessory dwelling unit may be rented separate from the primary residence, but may not be sold or otherwise conveyed separate from the primary residence.

(ii) The lot is zoned to allow single-family or multifamily dwelling residential use and includes a proposed or existing dwelling.

(iii) The accessory dwelling unit is either attached to, or located within, the proposed or existing primary dwelling, including attached garages, storage areas or similar uses, or an accessory structure or detached from the proposed or existing primary dwelling and located on the same lot as the proposed or existing primary dwelling, including detached garages.

(iv) If there is an existing primary dwelling, the total floor area of an attached accessory dwelling unit shall not exceed 50 percent of the existing primary dwelling.

(v) The total floor area for a detached accessory dwelling unit shall not exceed 1,200 square feet.

(vi) No passageway shall be required in conjunction with the construction of an accessory dwelling unit.

(vii) No setback shall be required for an existing living area or accessory structure or a structure constructed in the same location and to the same dimensions as an existing structure that is converted to an accessory dwelling unit or to a portion of an accessory dwelling unit, and a setback of no more than four feet from the side and rear lot lines shall be required for an accessory dwelling unit that is not converted from an existing structure or a new structure constructed in the same location and to the same dimensions as an existing structure.

(viii) Local building code requirements that apply to detached dwellings, except that the construction of an accessory dwelling unit shall not constitute a Group R occupancy change under the local building code, as described in Section 310 of the California Building Code (Title 24 of the California Code of Regulations), unless the building official or enforcement agency of the local agency makes a written

finding based on substantial evidence in the record that the construction of the accessory dwelling unit could have a specific, adverse impact on public health and safety. Nothing in this clause shall be interpreted to prevent a local agency from changing the occupancy code of a space that was uninhabitable space or was only permitted for nonresidential use and was subsequently converted for residential use pursuant to this section.

(ix) Approval by the local health officer where a private sewage disposal system is being used, if required.

(x) (I) Parking requirements for accessory dwelling units shall not exceed one parking space per accessory dwelling unit or per bedroom, whichever is less. These spaces may be provided as tandem parking on a driveway.

(II) Offstreet parking shall be permitted in setback areas in locations determined by the local agency or through tandem parking, unless specific findings are made that parking in setback areas or tandem parking is not feasible based upon specific site or regional topographical or fire and life safety conditions.

(III) This clause shall not apply to an accessory dwelling unit that is described in subdivision (d).

(xi) When a garage, carport, or covered parking structure is demolished in conjunction with the construction of an accessory dwelling unit or converted to an accessory dwelling unit, the local agency shall not require that those offstreet parking spaces be replaced.

(xii) Accessory dwelling units shall not be required to provide fire sprinklers if they are not required for the primary residence. The construction of an accessory dwelling unit shall not trigger a requirement for fire sprinklers to be installed in the existing primary dwelling.

(2) The ordinance shall not be considered in the application of any local ordinance, policy, or program to limit residential growth.

(3) (A) A permit application for an accessory dwelling unit or a junior accessory dwelling unit shall be considered and approved ministerially without discretionary review or a hearing, notwithstanding Section 65901 or 65906 or any local ordinance regulating the issuance of variances or special use permits. The permitting agency shall either approve or deny the application to create or serve an accessory dwelling unit or a junior accessory dwelling unit within 60 days from the date the permitting agency receives a completed application if there is an existing single-family or multifamily dwelling on the lot. If the permit application to create or serve an accessory dwelling unit or a junior accessory dwelling unit is submitted with a permit application to create a new single-family or multifamily dwelling on the lot, the permitting agency may delay approving or denying the permit application for the accessory dwelling unit or the junior accessory dwelling unit until the permitting agency approves or denies the permit application to create the new single-family or multifamily dwelling, but the application to create or serve the accessory dwelling unit or junior accessory dwelling unit shall be considered without discretionary review or hearing. If the applicant requests a delay, the 60-day time period shall be tolled for the period of the delay. If the local agency has not approved or denied the completed application within 60 days, the application shall be deemed approved. A local agency may charge a fee to reimburse it for costs incurred to implement this paragraph, including the costs of adopting or amending any ordinance that provides for the creation of an accessory dwelling unit.

(B) If a permitting agency denies an application for an accessory dwelling unit or junior accessory dwelling unit pursuant to subparagraph (A), the permitting agency shall, within the time period described in subparagraph (A), return in writing a full set of comments to the applicant with a list of items that are defective or deficient and a description of how the application can be remedied by the applicant.

(4) The ordinance shall require that a demolition permit for a detached garage that is to be replaced with an accessory dwelling unit be reviewed with the application for the accessory dwelling unit and issued at the same time.

(5) The ordinance shall not require, and the applicant shall not be otherwise required, to provide written notice or post a placard for the demolition of a detached garage that is to be replaced with an accessory dwelling unit, unless the property is located within an architecturally and historically significant historic district.

(6) An existing ordinance governing the creation of an accessory dwelling unit by a local agency or an accessory dwelling ordinance adopted by a local agency shall provide an approval process that includes only

ministerial provisions for the approval of accessory dwelling units and shall not include any discretionary processes, provisions, or requirements for those units, except as otherwise provided in this subdivision. If a local agency has an existing accessory dwelling unit ordinance that fails to meet the requirements of this subdivision, that ordinance shall be null and void and that agency shall thereafter apply the standards established in this subdivision for the approval of accessory dwelling units, unless and until the agency adopts an ordinance that complies with this section.

(7) No other local ordinance, policy, or regulation shall be the basis for the delay or denial of a building permit or a use permit under this subdivision.

(8) (A) This subdivision establishes the maximum standards that local agencies shall use to evaluate a proposed accessory dwelling unit on a lot that includes a proposed or existing single-family dwelling. No additional standards, other than those provided in this subdivision, shall be used or imposed, except that, subject to subparagraphs (B) and (C), a local agency may require an applicant for a permit issued pursuant to this subdivision to be an owner-occupant.

(B) (i) Notwithstanding subparagraph (A), a local agency shall not impose an owner-occupant requirement on an accessory dwelling unit before January 1, 2025.

(ii) Notwithstanding subparagraph (A), a local agency shall not impose an owner-occupant requirement on an accessory dwelling unit that was permitted between January 1, 2020, and January 1, 2025.

(C) Notwithstanding subparagraphs (A) and (B), a local agency may require that an accessory dwelling unit be used for rentals of terms longer than 30 days.

(9) A local agency may amend its zoning ordinance or general plan to incorporate the policies, procedures, or other provisions applicable to the creation of an accessory dwelling unit if these provisions are consistent with the limitations of this subdivision.

(10) An accessory dwelling unit that conforms to this subdivision shall be deemed to be an accessory use or an accessory building and shall not be considered to exceed the allowable density for the lot upon which it is located, and shall be deemed to be a residential use that is consistent with the existing general plan and zoning designations for the lot. The accessory dwelling unit shall not be considered in the application of any local ordinance, policy, or program to limit residential growth.

(b) (1) When a local agency that has not adopted an ordinance governing accessory dwelling units in accordance with subdivision (a) receives an application for a permit to create or serve an accessory dwelling unit pursuant to this subdivision, the local agency shall approve or disapprove the application ministerially without discretionary review pursuant to subdivision (a). The permitting agency shall either approve or deny the application to create or serve an accessory dwelling unit or a junior accessory dwelling unit within 60 days from the date the permitting agency receives a completed application if there is an existing single-family or multifamily dwelling on the lot. If the permit application to create or serve an accessory dwelling unit or a junior accessory dwelling unit is submitted with a permit application to create or serve a new single-family or multi-family dwelling on the lot, the permitting agency may delay approving or denying the permit application for the accessory dwelling unit or the junior accessory dwelling unit until the permitting agency approves or denies the permit application to create or serve the new single-family or multifamily dwelling, but the application to create or serve the accessory dwelling unit or junior accessory dwelling unit shall still be considered ministerially without discretionary review or a hearing. If the applicant requests a delay, the 60-day time period shall be tolled for the period of the delay. If the local agency has not approved or denied the completed application within 60 days, the application shall be deemed approved.

(2) If a permitting agency denies an application for an accessory dwelling unit or junior accessory dwelling unit pursuant to paragraph (1), the permitting agency shall, within the time period described in subparagraph (1), return in writing a full set of comments to the applicant with a list of items that are defective or deficient and a description of how the application can be remedied by the applicant.

(c) (1) Subject to paragraph (2), a local agency may establish minimum and maximum unit size requirements for both attached and detached accessory dwelling units.

(2) Notwithstanding paragraph (1), a local agency shall not establish by ordinance any of the following:

(A) A minimum square footage requirement for either an attached or detached accessory dwelling unit that prohibits an efficiency unit.

(B) A maximum square footage requirement for either an attached or detached accessory dwelling unit that is less than either of the following:

- (i) 850 square feet.
- (ii) 1,000 square feet for an accessory dwelling unit that provides more than one bedroom.

(C) Any requirement for a zoning clearance or separate zoning review or any other minimum or maximum size for an accessory dwelling unit, size based upon a percentage of the proposed or existing primary dwelling, or limits on lot coverage, floor area ratio, open space, front setbacks, and minimum lot size, for either attached or detached dwellings that does not permit at least an 800 square foot accessory dwelling unit with four-foot side and rear yard setbacks to be constructed in compliance with all other local development standards.

(D) Any height limitation that does not allow at least the following, as applicable:

- (i) A height of 16 feet for a detached accessory dwelling unit on a lot with an existing or proposed single family or multifamily dwelling unit.
- (ii) A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed single family or multifamily dwelling unit that is within one-half of one mile walking distance of a major transit stop or a high-quality transit corridor, as those terms are defined in Section 21155 of the Public Resources Code. A local agency shall also allow an additional two feet in height to accommodate a roof pitch on the accessory dwelling unit that is aligned with the roof pitch of the primary dwelling unit.
- (iii) A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed multifamily, multistory dwelling.
- (iv) A height of 25 feet or the height limitation in the local zoning ordinance that applies to the primary dwelling, whichever is lower, for an accessory dwelling unit that is attached to a primary dwelling. This clause shall not require a local agency to allow an accessory dwelling unit to exceed two stories.

(d) Notwithstanding any other law, and whether or not the local agency has adopted an ordinance governing accessory dwelling units in accordance with subdivision (a), all of the following shall apply:

(1) The local agency shall not impose any parking standards for an accessory dwelling unit in any of the following instances:

- (A) Where the accessory dwelling unit is located within one-half mile walking distance of public transit.
- (B) Where the accessory dwelling unit is located within an architecturally and historically significant historic district.
- (C) Where the accessory dwelling unit is part of the proposed or existing primary residence or an accessory structure.
- (D) When onstreet parking permits are required but not offered to the occupant of the accessory dwelling unit.
- (E) When there is a car share vehicle located within one block of the accessory dwelling unit.
- (F) When a permit application for an accessory dwelling unit is submitted with a permit application to create a new single-family dwelling or a new multifamily dwelling on the same lot, provided that the accessory dwelling unit or the parcel satisfies any other criteria listed in this paragraph.

(2) The local agency shall not deny an application for a permit to create an accessory dwelling unit due to the correction of nonconforming zoning conditions, building code violations, or unpermitted structures that do not present a threat to public health and safety and are not affected by the construction of the accessory dwelling unit.

(e) (1) Notwithstanding subdivisions (a) to (d), inclusive, a local agency shall ministerially approve an application for a building permit within a residential or mixed-use zone to create any of the following:

- (A) One accessory dwelling unit and one junior accessory dwelling unit per lot with a proposed or existing single-family dwelling if all of the following apply:

(i) The accessory dwelling unit or junior accessory dwelling unit is within the proposed space of a single-family dwelling or existing space of a single-family dwelling or accessory structure and may include an expansion of not more than 150 square feet beyond the same physical dimensions as the existing accessory structure. An expansion beyond the physical dimensions of the existing accessory structure shall be limited to accommodating ingress and egress.

(ii) The space has exterior access from the proposed or existing single-family dwelling.

(iii) The side and rear setbacks are sufficient for fire and safety.

(iv) The junior accessory dwelling unit complies with the requirements of Section 65852.22.

(B) One detached, new construction, accessory dwelling unit that does not exceed four-foot side and rear yard setbacks for a lot with a proposed or existing single-family dwelling. The accessory dwelling unit may be combined with a junior accessory dwelling unit described in subparagraph (A). A local agency may impose the following conditions on the accessory dwelling unit:

(i) A total floor area limitation of not more than 800 square feet.

(ii) A height limitation as provided in clause (i), (ii), or (iii) as applicable, of subparagraph (D) of paragraph (2) of subdivision (c).

(C) (i) Multiple accessory dwelling units within the portions of existing multifamily dwelling structures that are not used as livable space, including, but not limited to, storage rooms, boiler rooms, passageways, attics, basements, or garages, if each unit complies with state building standards for dwellings.

(ii) A local agency shall allow at least one accessory dwelling unit within an existing multifamily dwelling and shall allow up to 25 percent of the existing multifamily dwelling units.

(D) (i) Not more than two accessory dwelling units that are located on a lot that has an existing or proposed multifamily dwelling, but are detached from that multifamily dwelling and are subject to a height limitation in clause (i), (ii), or (iii), as applicable, of subparagraph (D) of paragraph (2) of subdivision (c) and rear yard and side setbacks of no more than four feet.

(ii) If the existing multifamily dwelling has a rear or side setback of less than four feet, the local agency shall not require any modification of the existing multifamily dwelling as a condition of approving the application to construct an accessory dwelling unit that satisfies the requirements of this subparagraph.

(2) A local agency shall not require, as a condition for ministerial approval of a permit application for the creation of an accessory dwelling unit or a junior accessory dwelling unit, the correction of nonconforming zoning conditions.

(3) The installation of fire sprinklers shall not be required in an accessory dwelling unit if sprinklers are not required for the primary residence. The construction of an accessory dwelling unit shall not trigger a requirement for fire sprinklers to be installed in the existing multifamily dwelling.

(4) A local agency may require owner-occupancy for either the primary dwelling or the accessory dwelling unit on a single-family lot, subject to the requirements of paragraph (8) of subdivision (a).

(5) A local agency shall require that a rental of the accessory dwelling unit created pursuant to this subdivision be for a term longer than 30 days.

(6) A local agency may require, as part of the application for a permit to create an accessory dwelling unit connected to an onsite wastewater treatment system, a percolation test completed within the last five years, or, if the percolation test has been recertified, within the last 10 years.

(7) Notwithstanding subdivision (c) and paragraph (1) a local agency that has adopted an ordinance by July 1, 2018, providing for the approval of accessory dwelling units in multifamily dwelling structures shall ministerially consider a permit application to construct an accessory dwelling unit that is described in paragraph (1), and may impose objective standards including, but not limited to, design, development, and historic standards on said accessory dwelling units. These standards shall not include requirements on minimum lot size.

(f) (1) Fees charged for the construction of accessory dwelling units shall be determined in accordance with Chapter 5 (commencing with Section 66000) and Chapter 7 (commencing with Section 66012).

(2) An accessory dwelling unit shall not be considered by a local agency, special district, or water corporation to be a new residential use for purposes of calculating connection fees or capacity charges for utilities, including water and sewer service, unless the accessory dwelling unit was constructed with a new single-family dwelling.

(3) (A) A local agency, special district, or water corporation shall not impose any impact fee upon the development of an accessory dwelling unit less than 750 square feet. Any impact fees charged for an accessory dwelling unit of 750 square feet or more shall be charged proportionately in relation to the square footage of the primary dwelling unit.

(B) For purposes of this paragraph, "impact fee" has the same meaning as the term "fee" is defined in subdivision (b) of Section 66000, except that it also includes fees specified in Section 66477. "Impact fee" does not include any connection fee or capacity charge charged by a local agency, special district, or water corporation.

(4) For an accessory dwelling unit described in subparagraph (A) of paragraph (1) of subdivision (e), a local agency, special district, or water corporation shall not require the applicant to install a new or separate utility connection directly between the accessory dwelling unit and the utility or impose a related connection fee or capacity charge, unless the accessory dwelling unit was constructed with a new single-family dwelling.

(5) For an accessory dwelling unit that is not described in subparagraph (A) of paragraph (1) of subdivision (e), a local agency, special district, or water corporation may require a new or separate utility connection directly between the accessory dwelling unit and the utility. Consistent with Section 66013, the connection may be subject to a connection fee or capacity charge that shall be proportionate to the burden of the proposed accessory dwelling unit, based upon either its square feet or the number of its drainage fixture unit (DFU) values, as defined in the Uniform Plumbing Code adopted and published by the International Association of Plumbing and Mechanical Officials, upon the water or sewer system. This fee or charge shall not exceed the reasonable cost of providing this service.

(g) This section shall supersede a conflicting local ordinance. This section does not limit the authority of local agencies to adopt less restrictive requirements for the creation of an accessory dwelling unit.

(h) (1) A local agency shall submit a copy of the ordinance adopted pursuant to subdivision (a) to the Department of Housing and Community Development within 60 days after adoption. After adoption of an ordinance, the department may submit written findings to the local agency as to whether the ordinance complies with this section.

(2) (A) If the department finds that the local agency's ordinance does not comply with this section, the department shall notify the local agency and shall provide the local agency with a reasonable time, no longer than 30 days, to respond to the findings before taking any other action authorized by this section.

(B) The local agency shall consider the findings made by the department pursuant to subparagraph (A) and shall do one of the following:

(i) Amend the ordinance to comply with this section.

(ii) Adopt the ordinance without changes. The local agency shall include findings in its resolution adopting the ordinance that explain the reasons the local agency believes that the ordinance complies with this section despite the findings of the department.

(3) (A) If the local agency does not amend its ordinance in response to the department's findings or does not adopt a resolution with findings explaining the reason the ordinance complies with this section and addressing the department's findings, the department shall notify the local agency and may notify the Attorney General that the local agency is in violation of state law.

(B) Before notifying the Attorney General that the local agency is in violation of state law, the department may consider whether a local agency adopted an ordinance in compliance with this section between January 1, 2017, and January 1, 2020.

(i) The department may review, adopt, amend, or repeal guidelines to implement uniform standards or criteria that supplement or clarify the terms, references, and standards set forth in this section. The guidelines adopted pursuant to this subdivision are not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2.

(j) As used in this section, the following terms mean:

(1) "Accessory dwelling unit" means an attached or a detached residential dwelling unit that provides complete independent living facilities for one or more persons and is located on a lot with a proposed or existing primary residence. It shall include permanent provisions for living, sleeping, eating, cooking, and sanitation on the same parcel as the single-family or multifamily dwelling is or will be situated. An accessory dwelling unit also includes the following:

(A) An efficiency unit.

(B) A manufactured home, as defined in Section 18007 of the Health and Safety Code.

(2) "Accessory structure" means a structure that is accessory and incidental to a dwelling located on the same lot.

(3) "Efficiency unit" has the same meaning as defined in Section 17958.1 of the Health and Safety Code.

(4) "Living area" means the interior habitable area of a dwelling unit, including basements and attics, but does not include a garage or any accessory structure.

(5) "Local agency" means a city, county, or city and county, whether general law or chartered.

(6) "Nonconforming zoning condition" means a physical improvement on a property that does not conform with current zoning standards.

(7) "Objective standards" means standards that involve no personal or subjective judgment by a public official and are uniformly verifiable by reference to an external and uniform benchmark or criterion available and knowable by both the development applicant or proponent and the public official prior to submittal.

(8) "Passageway" means a pathway that is unobstructed clear to the sky and extends from a street to one entrance of the accessory dwelling unit.

(9) "Permitting agency" means any entity that is involved in the review of a permit for an accessory dwelling unit or junior accessory dwelling unit and for which there is no substitute, including, but not limited to, applicable planning departments, building departments, utilities, and special districts.

(10) "Proposed dwelling" means a dwelling that is the subject of a permit application and that meets the requirements for permitting.

(11) "Public transit" means a location, including, but not limited to, a bus stop or train station, where the public may access buses, trains, subways, and other forms of transportation that charge set fares, run on fixed routes, and are available to the public.

(12) "Tandem parking" means that two or more automobiles are parked on a driveway or in any other location on a lot, lined up behind one another.

(k) A local agency shall not issue a certificate of occupancy for an accessory dwelling unit before the local agency issues a certificate of occupancy for the primary dwelling.

(l) Nothing in this section shall be construed to supersede or in any way alter or lessen the effect or application of the California Coastal Act of 1976 (Division 20 (commencing with Section 30000) of the Public Resources Code), except that the local government shall not be required to hold public hearings for coastal development permit applications for accessory dwelling units.

(m) A local agency may count an accessory dwelling unit for purposes of identifying adequate sites for housing, as specified in subdivision (a) of Section 65583.1, subject to authorization by the department and compliance with this division.

(n) In enforcing building standards pursuant to Article 1 (commencing with Section 17960) of Chapter 5 of Part 1.5 of Division 13 of the Health and Safety Code for an accessory dwelling unit described in paragraph (1) or (2), a local agency, upon request of an owner of an accessory dwelling unit for a delay in enforcement, shall delay enforcement of a building standard, subject to compliance with Section 17980.12 of the Health and Safety Code:

(1) The accessory dwelling unit was built before January 1, 2020.

(2) The accessory dwelling unit was built on or after January 1, 2020, in a local jurisdiction that, at the time the accessory dwelling unit was built, had a noncompliant accessory dwelling unit ordinance, but the ordinance is compliant at the time the request is made.

SEC. 2. Section 65852.2 of the Government Code, as amended by Section 2 of Chapter 343 of the Statutes of 2021, is repealed.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 65852.2 of the Government Code proposed by both this bill and Senate Bill 897. That section of this bill shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2023, (2) each bill amends Section 65852.2 of the Government Code, and (3) this bill is enacted after Senate Bill 897, in which case Section 1 of this bill shall not become operative.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Senate Bill No. 897

CHAPTER 664

An act to amend Section 65852.22 of, to add Section 65852.23 to, and to repeal and amend Section 65852.2 of, the Government Code, and to amend Section 17980.12 of the Health and Safety Code, relating to land use.

[Approved by Governor September 28, 2022. Filed with Secretary of State September 28, 2022.]

LEGISLATIVE COUNSEL'S DIGEST

SB 897, Wieckowski. Accessory dwelling units: junior accessory dwelling units.

(1) Existing law, the Planning and Zoning Law, authorizes a local agency, by ordinance or ministerial approval, to provide for the creation of accessory dwelling units in areas zoned for residential use, as specified. Existing law authorizes a local agency to impose standards on accessory dwelling units that include, but are not limited to, parking, height, setback, landscape, architectural review, and maximum size of a unit.

This bill would require that the standards imposed on accessory dwelling units be objective. For purposes of this requirement, the bill would define "objective standard" as a standard that involves no personal or subjective judgment by a public official and is uniformly verifiable, as specified. The bill would also prohibit a local agency from denying an application for a permit to create an accessory dwelling unit due to the correction of nonconforming zoning conditions, building code violations, or unpermitted structures that do not present a threat to public health and safety and are not affected by the construction of the accessory dwelling unit.

This bill would require a local agency to review and issue a demolition permit for a detached garage that is to be replaced by an accessory dwelling unit at the same time as it reviews and issues the permit for the accessory dwelling unit. The bill would prohibit an applicant from being required to provide written notice or post a placard for the demolition of a detached garage that is to be replaced by an accessory dwelling unit, as specified.

Existing law provides that an accessory dwelling unit may either be an attached or detached residential dwelling unit, and prescribes the minimum and maximum unit size requirements, height limitations, and setback requirements that a local agency may establish, including a 16-foot height limitation and a 4-foot side and rear setback requirement.

This bill would increase the maximum height limitation that may be imposed by a local agency on an accessory dwelling unit to 18 feet if the accessory dwelling unit is within $\frac{1}{2}$ mile walking distance of a major transit stop or a high-quality transit corridor, as those terms are defined, or if the accessory dwelling unit is detached and on a lot that has an existing multifamily, multistory dwelling, as specified. The bill would increase the maximum

height limitation that may be imposed by a local agency on an accessory dwelling unit to 25 feet if the accessory dwelling unit is attached to a primary dwelling, except as specified.

Existing law requires an ordinance that provides for the creation of an accessory dwelling unit to require accessory dwelling units to comply with local building code requirements that apply to detached dwellings, as appropriate. Existing law also prohibits an ordinance from requiring an accessory dwelling unit to provide fire sprinklers if they are not required for the primary residence.

This bill would provide that the construction of an accessory dwelling unit does not constitute a Group R occupancy change under the local building code, except as specified. The bill would prohibit the construction of an accessory dwelling unit from triggering a requirement that fire sprinklers be installed in the existing primary dwelling.

Existing law provides that a local agency must ministerially approve an application for a building permit within a residential or mixed-use zone to create not more than 2 accessory dwelling units that are located on a lot that has an existing multifamily dwelling, but are detached from that multifamily dwelling and are subject to a height limitation of 16 feet and a 4-foot side and rear setback requirement.

This bill would change the height limitation applicable to an accessory dwelling unit subject to ministerial approval to 18 feet if the accessory dwelling unit is within $\frac{1}{2}$ mile walking distance of a major transit stop or a high-quality transit corridor, as those terms are defined, or if the accessory dwelling unit is detached and on a lot that has an existing multifamily, multistory dwelling, as specified. The bill would change the height limitation applicable to an accessory dwelling unit subject to ministerial approval to 25 feet if the accessory dwelling unit is attached to a primary dwelling, except as specified. The bill, if the existing multifamily dwelling exceeds applicable height requirements or has a rear or side setback of less than 4 feet, would prohibit a local agency from requiring any modification to the existing multifamily dwelling to satisfy these requirements. The bill would prohibit a local agency from rejecting an application for an accessory dwelling unit because the existing multifamily dwelling exceeds applicable height requirements or has a rear or side setback of less than 4 feet.

Existing law prohibits a local agency from imposing parking standards on certain accessory dwelling units, including those that are located within $\frac{1}{2}$ -mile walking distance of public transit.

This bill would also prohibit a local agency from imposing any parking standards on an accessory dwelling unit that is included in an application to create a new single-family dwelling unit or a new multifamily dwelling on the same lot, provided that the accessory dwelling unit meets other specified requirements.

Existing law, when a local agency has not adopted an ordinance governing accessory dwelling units, requires a permitting agency to act on an application to create an accessory dwelling unit or a junior accessory dwelling unit within specified timeframes.

This bill would require a permitting agency to return in writing a full set of comments to the applicant with a list of items that are defective or deficient and a description of how the application can be remedied by the applicant, if the permitting agency denies an application for an accessory dwelling unit or junior accessory dwelling unit.

(2) Existing law also provides for the creation of junior accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. Existing law requires an ordinance that provides for the creation of a junior accessory dwelling unit to, among other things, (A) require that the unit be constructed within the walls of the proposed or existing single-family residence, (B) require that the unit include a separate entrance from the main entrance to the proposed or existing single-family residence, and (C) require owner-occupancy in the single-family residence in which the junior accessory dwelling unit is permitted.

This bill would specify that enclosed uses within the proposed or existing single-family residence, such as attached garages, are considered a part of the proposed or existing single-family residence. The bill would require a junior accessory dwelling unit that does not include a separate bathroom to include a separate entrance from the main entrance to the structure, with an interior entry to the main living area. The bill would also prohibit a local agency from denying an application for a permit to create a junior accessory dwelling unit due to the correction of nonconforming zoning conditions, building code violations, or unpermitted structures that do not present a threat to public health and safety and are not affected by the construction of the junior accessory dwelling unit.

(3) Existing law requires a local agency, in enforcing building standards applicable to accessory dwelling units, to delay enforcement for up to 5 years upon the owner submitting an application requesting the delay on the basis that correcting the violation is not necessary to protect health and safety.

This bill would prohibit a local agency from denying a permit for an unpermitted accessory dwelling unit that was constructed before January 1, 2018, because, among other things, the unit is in violation of building standards or state or local standards applicable to accessory dwelling units, unless the local agency makes a finding that correcting the violation is necessary to protect the health and safety of the public or occupants of the structure. This bill would specify that this prohibition does not apply to a building that is deemed substandard under specified provisions of law.

(4) Existing law requires the Department of Housing and Community Development to administer various programs intended to promote the development of housing, including the Multifamily Housing Program, pursuant to which the department provides financial assistance in the form of deferred payment loans to pay for the eligible costs of development for specified activities.

This bill would state the intent of the Legislature that accessory dwelling unit grant programs provide funding for predevelopment costs and facilitate accountability and oversight, as specified.

(5) This bill would incorporate additional changes to Section 65852.2 of the Government Code proposed by AB 2221 to be operative only if this bill and AB 2221 are enacted and this bill is enacted last.

(6) By imposing new duties on local governments with respect to the approval of accessory dwelling units and junior accessory dwelling units, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority Appropriation: no Fiscal Committee: yes Local Program: yes

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. It is the intent of the Legislature to ensure that grant programs that fund the construction and maintenance of accessory dwelling units undertake both of the following:

(a) Provide funding for predevelopment costs, such as development of plans and permitting of accessory dwelling units.

(b) Facilitate accountability and oversight, including annual reporting on outcomes to the Legislature.

SEC. 2. Section 65852.2 of the Government Code, as amended by Section 1 of Chapter 343 of the Statutes of 2021, is amended to read:

65852.2. (a) (1) A local agency may, by ordinance, provide for the creation of accessory dwelling units in areas zoned to allow single-family or multifamily dwelling residential use. The ordinance shall do all of the following:

(A) Designate areas within the jurisdiction of the local agency where accessory dwelling units may be permitted. The designation of areas may be based on the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. A local agency that does not provide water or sewer services shall consult with the local water or sewer service provider regarding the adequacy of water and sewer services before designating an area where accessory dwelling units may be permitted.

(B) (i) Impose objective standards on accessory dwelling units that include, but are not limited to, parking, height, setback, landscape, architectural review, maximum size of a unit, and standards that prevent adverse impacts on any real property that is listed in the California Register of Historical Resources. These standards shall not include requirements on minimum lot size.

(ii) Notwithstanding clause (i), a local agency may reduce or eliminate parking requirements for any accessory dwelling unit located within its jurisdiction.

(C) Provide that accessory dwelling units do not exceed the allowable density for the lot upon which the accessory dwelling unit is located, and that accessory dwelling units are a residential use that is consistent

with the existing general plan and zoning designation for the lot.

(D) Require the accessory dwelling units to comply with all of the following:

(i) Except as provided in Section 65852.26, the accessory dwelling unit may be rented separate from the primary residence, but may not be sold or otherwise conveyed separate from the primary residence.

(ii) The lot is zoned to allow single-family or multifamily dwelling residential use and includes a proposed or existing dwelling.

(iii) The accessory dwelling unit is either attached to, or located within, the proposed or existing primary dwelling, including attached garages, storage areas or similar uses, or an accessory structure or detached from the proposed or existing primary dwelling and located on the same lot as the proposed or existing primary dwelling.

(iv) If there is an existing primary dwelling, the total floor area of an attached accessory dwelling unit shall not exceed 50 percent of the existing primary dwelling.

(v) The total floor area for a detached accessory dwelling unit shall not exceed 1,200 square feet.

(vi) No passageway shall be required in conjunction with the construction of an accessory dwelling unit.

(vii) No setback shall be required for an existing living area or accessory structure or a structure constructed in the same location and to the same dimensions as an existing structure that is converted to an accessory dwelling unit or to a portion of an accessory dwelling unit, and a setback of no more than four feet from the side and rear lot lines shall be required for an accessory dwelling unit that is not converted from an existing structure or a new structure constructed in the same location and to the same dimensions as an existing structure.

(viii) Local building code requirements that apply to detached dwellings, except that the construction of an accessory dwelling unit shall not constitute a Group R occupancy change under the local building code, as described in Section 310 of the California Building Code (Title 24 of the California Code of Regulations), unless the building official or enforcement agency of the local agency makes a written finding based on substantial evidence in the record that the construction of the accessory dwelling unit could have a specific, adverse impact on public health and safety. Nothing in this clause shall be interpreted to prevent a local agency from changing the occupancy code of a space that was uninhabitable space or was only permitted for nonresidential use and was subsequently converted for residential use pursuant to this section.

(ix) Approval by the local health officer where a private sewage disposal system is being used, if required.

(x) (I) Parking requirements for accessory dwelling units shall not exceed one parking space per accessory dwelling unit or per bedroom, whichever is less. These spaces may be provided as tandem parking on a driveway.

(II) Offstreet parking shall be permitted in setback areas in locations determined by the local agency or through tandem parking, unless specific findings are made that parking in setback areas or tandem parking is not feasible based upon specific site or regional topographical or fire and life safety conditions.

(III) This clause shall not apply to an accessory dwelling unit that is described in subdivision (d).

(xi) When a garage, carport, or covered parking structure is demolished in conjunction with the construction of an accessory dwelling unit or converted to an accessory dwelling unit, the local agency shall not require that those offstreet parking spaces be replaced.

(xii) Accessory dwelling units shall not be required to provide fire sprinklers if they are not required for the primary residence. The construction of an accessory dwelling unit shall not trigger a requirement for fire sprinklers to be installed in the existing primary dwelling.

(2) The ordinance shall not be considered in the application of any local ordinance, policy, or program to limit residential growth.

(3) A permit application for an accessory dwelling unit or a junior accessory dwelling unit shall be considered and approved ministerially without discretionary review or a hearing, notwithstanding Section 65901 or 65906 or any local ordinance regulating the issuance of variances or special use permits. The permitting agency shall either approve or deny the application to create an accessory dwelling unit or a junior accessory dwelling unit within 60 days from the date the local agency receives a completed application if there is an existing single-family or multifamily dwelling on the lot. If the permit application to create an accessory dwelling unit or a junior accessory dwelling unit is submitted with a permit application to create a new single-family or multifamily dwelling on the lot, the permitting agency may delay approving or denying the permit application for the accessory dwelling unit or the junior accessory dwelling unit until the permitting agency approves or denies on the permit application to create the new single-family dwelling, but the application to create the accessory dwelling unit or junior accessory dwelling unit shall be considered without discretionary review or hearing. If the applicant requests a delay, the 60-day time period shall be tolled for the period of the delay. If the local agency has not approved or denied the completed application within 60 days, the application shall be deemed approved. A local agency may charge a fee to reimburse it for costs incurred to implement this paragraph, including the costs of adopting or amending any ordinance that provides for the creation of an accessory dwelling unit.

(4) The ordinance shall require that a demolition permit for a detached garage that is to be replaced with an accessory dwelling unit be reviewed with the application for the accessory dwelling unit and issued at the same time.

(5) The ordinance shall not require, and the applicant shall not be otherwise required, to provide written notice or post a placard for the demolition of a detached garage that is to be replaced with an accessory dwelling unit, unless the property is located within an architecturally and historically significant historic district.

(6) An existing ordinance governing the creation of an accessory dwelling unit by a local agency or an accessory dwelling ordinance adopted by a local agency shall provide an approval process that includes only ministerial provisions for the approval of accessory dwelling units and shall not include any discretionary processes, provisions, or requirements for those units, except as otherwise provided in this subdivision. If a local agency has an existing accessory dwelling unit ordinance that fails to meet the requirements of this subdivision, that ordinance shall be null and void and that agency shall thereafter apply the standards established in this subdivision for the approval of accessory dwelling units, unless and until the agency adopts an ordinance that complies with this section.

(7) No other local ordinance, policy, or regulation shall be the basis for the delay or denial of a building permit or a use permit under this subdivision.

(8) (A) This subdivision establishes the maximum standards that local agencies shall use to evaluate a proposed accessory dwelling unit on a lot that includes a proposed or existing single-family dwelling. No additional standards, other than those provided in this subdivision, shall be used or imposed, except that, subject to subparagraphs (B) and (C), a local agency may require an applicant for a permit issued pursuant to this subdivision to be an owner-occupant.

(B) (i) Notwithstanding subparagraph (A), a local agency shall not impose an owner-occupant requirement on an accessory dwelling unit before January 1, 2025.

(ii) Notwithstanding subparagraph (A), a local agency shall not impose an owner-occupant requirement on an accessory dwelling unit that was permitted between January 1, 2020, and January 1, 2025.

(C) Notwithstanding subparagraphs (A) and (B), a local agency may require that an accessory dwelling unit be used for rentals of terms longer than 30 days.

(9) A local agency may amend its zoning ordinance or general plan to incorporate the policies, procedures, or other provisions applicable to the creation of an accessory dwelling unit if these provisions are consistent with the limitations of this subdivision.

(10) An accessory dwelling unit that conforms to this subdivision shall be deemed to be an accessory use or an accessory building and shall not be considered to exceed the allowable density for the lot upon which it is located, and shall be deemed to be a residential use that is consistent with the existing general plan and zoning designations for the lot. The accessory dwelling unit shall not be considered in the application of any local ordinance, policy, or program to limit residential growth.

(b) (1) When a local agency that has not adopted an ordinance governing accessory dwelling units in accordance with subdivision (a) receives an application for a permit to create or serve an accessory dwelling unit pursuant to this subdivision, the local agency shall approve or disapprove the application ministerially without discretionary review pursuant to subdivision (a). The permitting agency shall either approve or deny the application to create or serve an accessory dwelling unit or a junior accessory dwelling unit within 60 days from the date the permitting agency receives a completed application if there is an existing single-family or multifamily dwelling on the lot. If the permit application to create or serve an accessory dwelling unit or a junior accessory dwelling unit is submitted with a permit application to create or serve a new single-family or multifamily dwelling on the lot, the permitting agency may delay approving or denying the permit application for the accessory dwelling unit or the junior accessory dwelling unit until the permitting agency approves or denies the permit application to create or serve the new single-family dwelling or multifamily dwelling, but the application to create or serve the accessory dwelling unit or junior accessory dwelling unit shall still be considered ministerially without discretionary review or a hearing. If the applicant requests a delay, the 60-day time period shall be tolled for the period of the delay. If the local agency has not approved or denied the completed application within 60 days, the application shall be deemed approved.

(2) If a permitting agency denies an application for an accessory dwelling unit or junior accessory dwelling unit pursuant to paragraph (1), the permitting agency shall, within the time period described in paragraph (1), return in writing a full set of comments to the applicant with a list of items that are defective or deficient and a description of how the application can be remedied by the applicant.

(c) (1) Subject to paragraph (2), a local agency may establish minimum and maximum unit size requirements for both attached and detached accessory dwelling units.

(2) Notwithstanding paragraph (1), a local agency shall not establish by ordinance any of the following:

(A) A minimum square footage requirement for either an attached or detached accessory dwelling unit that prohibits an efficiency unit.

(B) A maximum square footage requirement for either an attached or detached accessory dwelling unit that is less than either of the following:

(i) 850 square feet.

(ii) 1,000 square feet for an accessory dwelling unit that provides more than one bedroom.

(C) Any requirement for a zoning clearance or separate zoning review or any other minimum or maximum size for an accessory dwelling unit, size based upon a percentage of the proposed or existing primary dwelling, or limits on lot coverage, floor area ratio, open space, and minimum lot size, for either attached or detached dwellings that does not permit at least an 800 square foot accessory dwelling unit with four-foot side and rear yard setbacks to be constructed in compliance with all other local development standards.

(D) Any height limitation that does not allow at least the following, as applicable:

(i) A height of 16 feet for a detached accessory dwelling unit on a lot with an existing or proposed single family or multifamily dwelling unit.

(ii) A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed single family or multifamily dwelling unit that is within one-half of one mile walking distance of a major transit stop or a high-quality transit corridor, as those terms are defined in Section 21155 of the Public Resources Code. A local agency shall also allow an additional two feet in height to accommodate a roof pitch on the accessory dwelling unit that is aligned with the roof pitch of the primary dwelling unit.

(iii) A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed multifamily, multistory dwelling.

(iv) A height of 25 feet or the height limitation in the local zoning ordinance that applies to the primary dwelling, whichever is lower, for an accessory dwelling unit that is attached to a primary dwelling. This clause shall not require a local agency to allow an accessory dwelling unit to exceed two stories.

(d) Notwithstanding any other law, and whether or not the local agency has adopted an ordinance governing accessory dwelling units in accordance with subdivision (a), all of the following shall apply:

(1) The local agency shall not impose any parking standards for an accessory dwelling unit in any of the following instances:

- (A) Where the accessory dwelling unit is located within one-half mile walking distance of public transit.
- (B) Where the accessory dwelling unit is located within an architecturally and historically significant historic district.
- (C) Where the accessory dwelling unit is part of the proposed or existing primary residence or an accessory structure.
- (D) When on-street parking permits are required but not offered to the occupant of the accessory dwelling unit.
- (E) When there is a car share vehicle located within one block of the accessory dwelling unit.
- (F) When a permit application for an accessory dwelling unit is submitted with a permit application to create a new single-family dwelling or a new multifamily dwelling on the same lot, provided that the accessory dwelling unit or the parcel satisfies any other criteria listed in this paragraph.

(2) The local agency shall not deny an application for a permit to create an accessory dwelling unit due to the correction of nonconforming zoning conditions, building code violations, or unpermitted structures that do not present a threat to public health and safety and are not affected by the construction of the accessory dwelling unit.

(e) (1) Notwithstanding subdivisions (a) to (d), inclusive, a local agency shall ministerially approve an application for a building permit within a residential or mixed-use zone to create any of the following:

(A) One accessory dwelling unit and one junior accessory dwelling unit per lot with a proposed or existing single-family dwelling if all of the following apply:

(i) The accessory dwelling unit or junior accessory dwelling unit is within the proposed space of a single-family dwelling or existing space of a single-family dwelling or accessory structure and may include an expansion of not more than 150 square feet beyond the same physical dimensions as the existing accessory structure. An expansion beyond the physical dimensions of the existing accessory structure shall be limited to accommodating ingress and egress.

(ii) The space has exterior access from the proposed or existing single-family dwelling.

(iii) The side and rear setbacks are sufficient for fire and safety.

(iv) The junior accessory dwelling unit complies with the requirements of Section 65852.22.

(B) One detached, new construction, accessory dwelling unit that does not exceed four-foot side and rear yard setbacks for a lot with a proposed or existing single-family dwelling. The accessory dwelling unit may be combined with a junior accessory dwelling unit described in subparagraph (A). A local agency may impose the following conditions on the accessory dwelling unit:

(i) A total floor area limitation of not more than 800 square feet.

(ii) A height limitation as provided in clause (i), (ii), or (iii) as applicable, of subparagraph (D) of paragraph (2) of subdivision (c).

(C) (i) Multiple accessory dwelling units within the portions of existing multifamily dwelling structures that are not used as livable space, including, but not limited to, storage rooms, boiler rooms, passageways, attics, basements, or garages, if each unit complies with state building standards for dwellings.

(ii) A local agency shall allow at least one accessory dwelling unit within an existing multifamily dwelling and shall allow up to 25 percent of the existing multifamily dwelling units.

(D) (i) Not more than two accessory dwelling units that are located on a lot that has an existing or proposed multifamily dwelling, but are detached from that multifamily dwelling and are subject to the applicable height limitation in clause (i), (ii), or (iii), as applicable, of subparagraph (D) of paragraph (2) of subdivision (c) and rear yard and side setbacks of no more than four feet.

(ii) If the existing multifamily dwelling has a rear or side setback of less than four feet, the local agency shall not require any modification of the existing multifamily dwelling as a condition of approving the application to construct an accessory dwelling unit that satisfies the requirements of this subparagraph.

(2) A local agency shall not require, as a condition for ministerial approval of a permit application for the creation of an accessory dwelling unit or a junior accessory dwelling unit, the correction of nonconforming zoning conditions.

(3) The installation of fire sprinklers shall not be required in an accessory dwelling unit if sprinklers are not required for the primary residence. The construction of an accessory dwelling unit shall not trigger a requirement for fire sprinklers to be installed in the existing multifamily dwelling.

(4) A local agency may require owner-occupancy for either the primary dwelling or the accessory dwelling unit on a single-family lot, subject to the requirements of paragraph (8) of subdivision (a).

(5) A local agency shall require that a rental of the accessory dwelling unit created pursuant to this subdivision be for a term longer than 30 days.

(6) A local agency may require, as part of the application for a permit to create an accessory dwelling unit connected to an onsite wastewater treatment system, a percolation test completed within the last five years, or, if the percolation test has been recertified, within the last 10 years.

(7) Notwithstanding subdivision (c) and paragraph (1) a local agency that has adopted an ordinance by July 1, 2018, providing for the approval of accessory dwelling units in multifamily dwelling structures shall ministerially consider a permit application to construct an accessory dwelling unit that is described in paragraph (1), and may impose objective standards including, but not limited to, design, development, and historic standards on said accessory dwelling units. These standards shall not include requirements on minimum lot size.

(f) (1) Fees charged for the construction of accessory dwelling units shall be determined in accordance with Chapter 5 (commencing with Section 66000) and Chapter 7 (commencing with Section 66012).

(2) An accessory dwelling unit shall not be considered by a local agency, special district, or water corporation to be a new residential use for purposes of calculating connection fees or capacity charges for utilities, including water and sewer service, unless the accessory dwelling unit was constructed with a new single-family dwelling.

(3) (A) A local agency, special district, or water corporation shall not impose any impact fee upon the development of an accessory dwelling unit less than 750 square feet. Any impact fees charged for an accessory dwelling unit of 750 square feet or more shall be charged proportionately in relation to the square footage of the primary dwelling unit.

(B) For purposes of this paragraph, "impact fee" has the same meaning as the term "fee" is defined in subdivision (b) of Section 66000, except that it also includes fees specified in Section 66477. "Impact fee" does not include any connection fee or capacity charge charged by a local agency, special district, or water corporation.

(4) For an accessory dwelling unit described in subparagraph (A) of paragraph (1) of subdivision (e), a local agency, special district, or water corporation shall not require the applicant to install a new or separate utility connection directly between the accessory dwelling unit and the utility or impose a related connection fee or capacity charge, unless the accessory dwelling unit was constructed with a new single-family dwelling.

(5) For an accessory dwelling unit that is not described in subparagraph (A) of paragraph (1) of subdivision (e), a local agency, special district, or water corporation may require a new or separate utility connection directly between the accessory dwelling unit and the utility. Consistent with Section 66013, the connection may be subject to a connection fee or capacity charge that shall be proportionate to the burden of the proposed accessory dwelling unit, based upon either its square feet or the number of its drainage fixture unit (DFU) values, as defined in the Uniform Plumbing Code adopted and published by the International Association of Plumbing and Mechanical Officials, upon the water or sewer system. This fee or charge shall not exceed the reasonable cost of providing this service.

(g) This section does not limit the authority of local agencies to adopt less restrictive requirements for the creation of an accessory dwelling unit.

(h) (1) A local agency shall submit a copy of the ordinance adopted pursuant to subdivision (a) to the Department of Housing and Community Development within 60 days after adoption. After adoption of an ordinance, the department may submit written findings to the local agency as to whether the ordinance complies with this section.

(2) (A) If the department finds that the local agency's ordinance does not comply with this section, the department shall notify the local agency and shall provide the local agency with a reasonable time, no longer than 30 days, to respond to the findings before taking any other action authorized by this section.

(B) The local agency shall consider the findings made by the department pursuant to subparagraph (A) and shall do one of the following:

(i) Amend the ordinance to comply with this section.

(ii) Adopt the ordinance without changes. The local agency shall include findings in its resolution adopting the ordinance that explain the reasons the local agency believes that the ordinance complies with this section despite the findings of the department.

(3) (A) If the local agency does not amend its ordinance in response to the department's findings or does not adopt a resolution with findings explaining the reason the ordinance complies with this section and addressing the department's findings, the department shall notify the local agency and may notify the Attorney General that the local agency is in violation of state law.

(B) Before notifying the Attorney General that the local agency is in violation of state law, the department may consider whether a local agency adopted an ordinance in compliance with this section between January 1, 2017, and January 1, 2020.

(i) The department may review, adopt, amend, or repeal guidelines to implement uniform standards or criteria that supplement or clarify the terms, references, and standards set forth in this section. The guidelines adopted pursuant to this subdivision are not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2.

(j) As used in this section, the following terms mean:

(1) "Accessory dwelling unit" means an attached or a detached residential dwelling unit that provides complete independent living facilities for one or more persons and is located on a lot with a proposed or existing primary residence. It shall include permanent provisions for living, sleeping, eating, cooking, and sanitation on the same parcel as the single-family or multifamily dwelling is or will be situated. An accessory dwelling unit also includes the following:

(A) An efficiency unit.

(B) A manufactured home, as defined in Section 18007 of the Health and Safety Code.

(2) "Accessory structure" means a structure that is accessory and incidental to a dwelling located on the same lot.

(3) "Efficiency unit" has the same meaning as defined in Section 17958.1 of the Health and Safety Code.

(4) "Living area" means the interior habitable area of a dwelling unit, including basements and attics, but does not include a garage or any accessory structure.

(5) "Local agency" means a city, county, or city and county, whether general law or chartered.

(6) "Nonconforming zoning condition" means a physical improvement on a property that does not conform with current zoning standards.

(7) "Objective standards" means standards that involve no personal or subjective judgment by a public official and are uniformly verifiable by reference to an external and uniform benchmark or criterion available and knowable by both the development applicant or proponent and the public official prior to submittal.

(8) "Passageway" means a pathway that is unobstructed clear to the sky and extends from a street to one entrance of the accessory dwelling unit.

(9) "Permitting agency" means any entity that is involved in the review of a permit for an accessory dwelling unit or junior accessory dwelling unit and for which there is no substitute, including, but not limited to,

applicable planning departments, building departments, utilities, and special districts.

(10) "Proposed dwelling" means a dwelling that is the subject of a permit application and that meets the requirements for permitting.

(11) "Public transit" means a location, including, but not limited to, a bus stop or train station, where the public may access buses, trains, subways, and other forms of transportation that charge set fares, run on fixed routes, and are available to the public.

(12) "Tandem parking" means that two or more automobiles are parked on a driveway or in any other location on a lot, lined up behind one another.

(k) A local agency shall not issue a certificate of occupancy for an accessory dwelling unit before the local agency issues a certificate of occupancy for the primary dwelling.

(l) Nothing in this section shall be construed to supersede or in any way alter or lessen the effect or application of the California Coastal Act of 1976 (Division 20 (commencing with Section 30000) of the Public Resources Code), except that the local government shall not be required to hold public hearings for coastal development permit applications for accessory dwelling units.

(m) A local agency may count an accessory dwelling unit for purposes of identifying adequate sites for housing, as specified in subdivision (a) of Section 65583.1, subject to authorization by the department and compliance with this division.

(n) In enforcing building standards pursuant to Article 1 (commencing with Section 17960) of Chapter 5 of Part 1.5 of Division 13 of the Health and Safety Code for an accessory dwelling unit described in paragraph (1) or (2), a local agency, upon request of an owner of an accessory dwelling unit for a delay in enforcement, shall delay enforcement of a building standard, subject to compliance with Section 17980.12 of the Health and Safety Code:

(1) The accessory dwelling unit was built before January 1, 2020.

(2) The accessory dwelling unit was built on or after January 1, 2020, in a local jurisdiction that, at the time the accessory dwelling unit was built, had a noncompliant accessory dwelling unit ordinance, but the ordinance is compliant at the time the request is made.

SEC. 2.5. Section 65852.2 of the Government Code, as amended by Section 1 of Chapter 343 of the Statutes of 2021, is amended to read:

65852.2. (a) (1) A local agency may, by ordinance, provide for the creation of accessory dwelling units in areas zoned to allow single-family or multifamily dwelling residential use. The ordinance shall do all of the following:

(A) Designate areas within the jurisdiction of the local agency where accessory dwelling units may be permitted. The designation of areas may be based on the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. A local agency that does not provide water or sewer services shall consult with the local water or sewer service provider regarding the adequacy of water and sewer services before designating an area where accessory dwelling units may be permitted.

(B) (i) Impose objective standards on accessory dwelling units that include, but are not limited to, parking, height, setback, landscape, architectural review, maximum size of a unit, and standards that prevent adverse impacts on any real property that is listed in the California Register of Historical Resources. These standards shall not include requirements on minimum lot size.

(ii) Notwithstanding clause (i), a local agency may reduce or eliminate parking requirements for any accessory dwelling unit located within its jurisdiction.

(C) Provide that accessory dwelling units do not exceed the allowable density for the lot upon which the accessory dwelling unit is located, and that accessory dwelling units are a residential use that is consistent with the existing general plan and zoning designation for the lot.

(D) Require the accessory dwelling units to comply with all of the following:

(i) Except as provided in Section 65852.26, the accessory dwelling unit may be rented separate from the primary residence, but may not be sold or otherwise conveyed separate from the primary residence.

(ii) The lot is zoned to allow single-family or multifamily dwelling residential use and includes a proposed or existing dwelling.

(iii) The accessory dwelling unit is either attached to, or located within, the proposed or existing primary dwelling, including attached garages, storage areas or similar uses, or an accessory structure or detached from the proposed or existing primary dwelling and located on the same lot as the proposed or existing primary dwelling, including detached garages.

(iv) If there is an existing primary dwelling, the total floor area of an attached accessory dwelling unit shall not exceed 50 percent of the existing primary dwelling.

(v) The total floor area for a detached accessory dwelling unit shall not exceed 1,200 square feet.

(vi) No passageway shall be required in conjunction with the construction of an accessory dwelling unit.

(vii) No setback shall be required for an existing living area or accessory structure or a structure constructed in the same location and to the same dimensions as an existing structure that is converted to an accessory dwelling unit or to a portion of an accessory dwelling unit, and a setback of no more than four feet from the side and rear lot lines shall be required for an accessory dwelling unit that is not converted from an existing structure or a new structure constructed in the same location and to the same dimensions as an existing structure.

(viii) Local building code requirements that apply to detached dwellings, except that the construction of an accessory dwelling unit shall not constitute a Group R occupancy change under the local building code, as described in Section 310 of the California Building Code (Title 24 of the California Code of Regulations), unless the building official or enforcement agency of the local agency makes a written finding based on substantial evidence in the record that the construction of the accessory dwelling unit could have a specific, adverse impact on public health and safety. Nothing in this clause shall be interpreted to prevent a local agency from changing the occupancy code of a space that was uninhabitable space or was only permitted for nonresidential use and was subsequently converted for residential use pursuant to this section.

(ix) Approval by the local health officer where a private sewage disposal system is being used, if required.

(x) (I) Parking requirements for accessory dwelling units shall not exceed one parking space per accessory dwelling unit or per bedroom, whichever is less. These spaces may be provided as tandem parking on a driveway.

(II) Offstreet parking shall be permitted in setback areas in locations determined by the local agency or through tandem parking, unless specific findings are made that parking in setback areas or tandem parking is not feasible based upon specific site or regional topographical or fire and life safety conditions.

(III) This clause shall not apply to an accessory dwelling unit that is described in subdivision (d).

(xi) When a garage, carport, or covered parking structure is demolished in conjunction with the construction of an accessory dwelling unit or converted to an accessory dwelling unit, the local agency shall not require that those offstreet parking spaces be replaced.

(xii) Accessory dwelling units shall not be required to provide fire sprinklers if they are not required for the primary residence. The construction of an accessory dwelling unit shall not trigger a requirement for fire sprinklers to be installed in the existing primary dwelling.

(2) The ordinance shall not be considered in the application of any local ordinance, policy, or program to limit residential growth.

(3) (A) A permit application for an accessory dwelling unit or a junior accessory dwelling unit shall be considered and approved ministerially without discretionary review or a hearing, notwithstanding Section 65901 or 65906 or any local ordinance regulating the issuance of variances or special use permits. The permitting agency shall either approve or deny the application to create or serve an accessory dwelling unit or a junior accessory dwelling unit within 60 days from the date the permitting agency receives a completed application if there is an existing single-family or multifamily dwelling on the lot. If the permit application to create or serve an accessory dwelling unit or a junior accessory dwelling unit is submitted with a permit

application to create a new single-family or multifamily dwelling on the lot, the permitting agency may delay approving or denying the permit application for the accessory dwelling unit or the junior accessory dwelling unit until the permitting agency approves or denies the permit application to create the new single-family or multifamily dwelling, but the application to create or serve the accessory dwelling unit or junior accessory dwelling unit shall be considered without discretionary review or hearing. If the applicant requests a delay, the 60-day time period shall be tolled for the period of the delay. If the local agency has not approved or denied the completed application within 60 days, the application shall be deemed approved. A local agency may charge a fee to reimburse it for costs incurred to implement this paragraph, including the costs of adopting or amending any ordinance that provides for the creation of an accessory dwelling unit.

(B) If a permitting agency denies an application for an accessory dwelling unit or junior accessory dwelling unit pursuant to subparagraph (A), the permitting agency shall, within the time period described in subparagraph (A), return in writing a full set of comments to the applicant with a list of items that are defective or deficient and a description of how the application can be remedied by the applicant.

(4) The ordinance shall require that a demolition permit for a detached garage that is to be replaced with an accessory dwelling unit be reviewed with the application for the accessory dwelling unit and issued at the same time.

(5) The ordinance shall not require, and the applicant shall not be otherwise required, to provide written notice or post a placard for the demolition of a detached garage that is to be replaced with an accessory dwelling unit, unless the property is located within an architecturally and historically significant historic district.

(6) An existing ordinance governing the creation of an accessory dwelling unit by a local agency or an accessory dwelling ordinance adopted by a local agency shall provide an approval process that includes only ministerial provisions for the approval of accessory dwelling units and shall not include any discretionary processes, provisions, or requirements for those units, except as otherwise provided in this subdivision. If a local agency has an existing accessory dwelling unit ordinance that fails to meet the requirements of this subdivision, that ordinance shall be null and void and that agency shall thereafter apply the standards established in this subdivision for the approval of accessory dwelling units, unless and until the agency adopts an ordinance that complies with this section.

(7) No other local ordinance, policy, or regulation shall be the basis for the delay or denial of a building permit or a use permit under this subdivision.

(8) (A) This subdivision establishes the maximum standards that local agencies shall use to evaluate a proposed accessory dwelling unit on a lot that includes a proposed or existing single-family dwelling. No additional standards, other than those provided in this subdivision, shall be used or imposed, except that, subject to subparagraphs (B) and (C), a local agency may require an applicant for a permit issued pursuant to this subdivision to be an owner-occupant.

(B) (i) Notwithstanding subparagraph (A), a local agency shall not impose an owner-occupant requirement on an accessory dwelling unit before January 1, 2025.

(ii) Notwithstanding subparagraph (A), a local agency shall not impose an owner-occupant requirement on an accessory dwelling unit that was permitted between January 1, 2020, and January 1, 2025.

(C) Notwithstanding subparagraphs (A) and (B), a local agency may require that an accessory dwelling unit be used for rentals of terms longer than 30 days.

(9) A local agency may amend its zoning ordinance or general plan to incorporate the policies, procedures, or other provisions applicable to the creation of an accessory dwelling unit if these provisions are consistent with the limitations of this subdivision.

(10) An accessory dwelling unit that conforms to this subdivision shall be deemed to be an accessory use or an accessory building and shall not be considered to exceed the allowable density for the lot upon which it is located, and shall be deemed to be a residential use that is consistent with the existing general plan and zoning designations for the lot. The accessory dwelling unit shall not be considered in the application of any local ordinance, policy, or program to limit residential growth.

(b) (1) When a local agency that has not adopted an ordinance governing accessory dwelling units in accordance with subdivision (a) receives an application for a permit to create or serve an accessory dwelling unit pursuant to this subdivision, the local agency shall approve or disapprove the application ministerially without discretionary

review pursuant to subdivision (a). The permitting agency shall either approve or deny the application to create or serve an accessory dwelling unit or a junior accessory dwelling unit within 60 days from the date the permitting agency receives a completed application if there is an existing single-family or multifamily dwelling on the lot. If the permit application to create or serve an accessory dwelling unit or a junior accessory dwelling unit is submitted with a permit application to create or serve a new single-family or multifamily dwelling on the lot, the permitting agency may delay approving or denying the permit application for the accessory dwelling unit or the junior accessory dwelling unit until the permitting agency approves or denies the permit application to create or serve the new single-family or multifamily dwelling, but the application to create or serve the accessory dwelling unit or junior accessory dwelling unit shall still be considered ministerially without discretionary review or a hearing. If the applicant requests a delay, the 60-day time period shall be tolled for the period of the delay. If the local agency has not approved or denied the completed application within 60 days, the application shall be deemed approved.

(2) If a permitting agency denies an application for an accessory dwelling unit or junior accessory dwelling unit pursuant to paragraph (1), the permitting agency shall, within the time period described in paragraph (1), return in writing a full set of comments to the applicant with a list of items that are defective or deficient and a description of how the application can be remedied by the applicant.

(c) (1) Subject to paragraph (2), a local agency may establish minimum and maximum unit size requirements for both attached and detached accessory dwelling units.

(2) Notwithstanding paragraph (1), a local agency shall not establish by ordinance any of the following:

(A) A minimum square footage requirement for either an attached or detached accessory dwelling unit that prohibits an efficiency unit.

(B) A maximum square footage requirement for either an attached or detached accessory dwelling unit that is less than either of the following:

(i) 850 square feet.

(ii) 1,000 square feet for an accessory dwelling unit that provides more than one bedroom.

(C) Any requirement for a zoning clearance or separate zoning review or any other minimum or maximum size for an accessory dwelling unit, size based upon a percentage of the proposed or existing primary dwelling, or limits on lot coverage, floor area ratio, open space, front setbacks, and minimum lot size, for either attached or detached dwellings that does not permit at least an 800 square foot accessory dwelling unit with four-foot side and rear yard setbacks to be constructed in compliance with all other local development standards.

(D) Any height limitation that does not allow at least the following, as applicable:

(i) A height of 16 feet for a detached accessory dwelling unit on a lot with an existing or proposed single family or multifamily dwelling unit.

(ii) A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed single family or multifamily dwelling unit that is within one-half of one mile walking distance of a major transit stop or a high-quality transit corridor, as those terms are defined in Section 21155 of the Public Resources Code. A local agency shall also allow an additional two feet in height to accommodate a roof pitch on the accessory dwelling unit that is aligned with the roof pitch of the primary dwelling unit.

(iii) A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed multifamily, multistory dwelling.

(iv) A height of 25 feet or the height limitation in the local zoning ordinance that applies to the primary dwelling, whichever is lower, for an accessory dwelling unit that is attached to a primary dwelling. This clause shall not require a local agency to allow an accessory dwelling unit to exceed two stories.

(d) Notwithstanding any other law, and whether or not the local agency has adopted an ordinance governing accessory dwelling units in accordance with subdivision (a), all of the following shall apply:

(1) The local agency shall not impose any parking standards for an accessory dwelling unit in any of the following instances:

(A) Where the accessory dwelling unit is located within one-half mile walking distance of public transit.

(B) Where the accessory dwelling unit is located within an architecturally and historically significant historic district.

(C) Where the accessory dwelling unit is part of the proposed or existing primary residence or an accessory structure.

(D) When onstreet parking permits are required but not offered to the occupant of the accessory dwelling unit.

(E) When there is a car share vehicle located within one block of the accessory dwelling unit.

(F) When a permit application for an accessory dwelling unit is submitted with a permit application to create a new single-family dwelling or a new multifamily dwelling on the same lot, provided that the accessory dwelling unit or the parcel satisfies any other criteria listed in this paragraph.

(2) The local agency shall not deny an application for a permit to create an accessory dwelling unit due to the correction of nonconforming zoning conditions, building code violations, or unpermitted structures that do not present a threat to public health and safety and are not affected by the construction of the accessory dwelling unit.

(e) (1) Notwithstanding subdivisions (a) to (d), inclusive, a local agency shall ministerially approve an application for a building permit within a residential or mixed-use zone to create any of the following:

(A) One accessory dwelling unit and one junior accessory dwelling unit per lot with a proposed or existing single-family dwelling if all of the following apply:

(i) The accessory dwelling unit or junior accessory dwelling unit is within the proposed space of a single-family dwelling or existing space of a single-family dwelling or accessory structure and may include an expansion of not more than 150 square feet beyond the same physical dimensions as the existing accessory structure. An expansion beyond the physical dimensions of the existing accessory structure shall be limited to accommodating ingress and egress.

(ii) The space has exterior access from the proposed or existing single-family dwelling.

(iii) The side and rear setbacks are sufficient for fire and safety.

(iv) The junior accessory dwelling unit complies with the requirements of Section 65852.22.

(B) One detached, new construction, accessory dwelling unit that does not exceed four-foot side and rear yard setbacks for a lot with a proposed or existing single-family dwelling. The accessory dwelling unit may be combined with a junior accessory dwelling unit described in subparagraph (A). A local agency may impose the following conditions on the accessory dwelling unit:

(i) A total floor area limitation of not more than 800 square feet.

(ii) A height limitation as provided in clause (i), (ii), or (iii) as applicable, of subparagraph (D) of paragraph (2) of subdivision (c).

(C) (i) Multiple accessory dwelling units within the portions of existing multifamily dwelling structures that are not used as livable space, including, but not limited to, storage rooms, boiler rooms, passageways, attics, basements, or garages, if each unit complies with state building standards for dwellings.

(ii) A local agency shall allow at least one accessory dwelling unit within an existing multifamily dwelling and shall allow up to 25 percent of the existing multifamily dwelling units.

(D) (i) Not more than two accessory dwelling units that are located on a lot that has an existing or proposed multifamily dwelling, but are detached from that multifamily dwelling and are subject to a height limitation in clause (i), (ii), or (iii), as applicable, of subparagraph (D) of paragraph (2) of subdivision (c) and rear yard and side setbacks of no more than four feet.

(ii) If the existing multifamily dwelling has a rear or side setback of less than four feet, the local agency shall not require any modification of the existing multifamily dwelling as a condition of approving the application to construct an accessory dwelling unit that satisfies the requirements of this subparagraph.

(2) A local agency shall not require, as a condition for ministerial approval of a permit application for the creation of an accessory dwelling unit or a junior accessory dwelling unit, the correction of nonconforming

zoning conditions.

(3) The installation of fire sprinklers shall not be required in an accessory dwelling unit if sprinklers are not required for the primary residence. The construction of an accessory dwelling unit shall not trigger a requirement for fire sprinklers to be installed in the existing multifamily dwelling.

(4) A local agency may require owner-occupancy for either the primary dwelling or the accessory dwelling unit on a single-family lot, subject to the requirements of paragraph (8) of subdivision (a).

(5) A local agency shall require that a rental of the accessory dwelling unit created pursuant to this subdivision be for a term longer than 30 days.

(6) A local agency may require, as part of the application for a permit to create an accessory dwelling unit connected to an onsite wastewater treatment system, a percolation test completed within the last five years, or, if the percolation test has been recertified, within the last 10 years.

(7) Notwithstanding subdivision (c) and paragraph (1) a local agency that has adopted an ordinance by July 1, 2018, providing for the approval of accessory dwelling units in multifamily dwelling structures shall ministerially consider a permit application to construct an accessory dwelling unit that is described in paragraph (1), and may impose objective standards including, but not limited to, design, development, and historic standards on said accessory dwelling units. These standards shall not include requirements on minimum lot size.

(f) (1) Fees charged for the construction of accessory dwelling units shall be determined in accordance with Chapter 5 (commencing with Section 66000) and Chapter 7 (commencing with Section 66012).

(2) An accessory dwelling unit shall not be considered by a local agency, special district, or water corporation to be a new residential use for purposes of calculating connection fees or capacity charges for utilities, including water and sewer service, unless the accessory dwelling unit was constructed with a new single-family dwelling.

(3) (A) A local agency, special district, or water corporation shall not impose any impact fee upon the development of an accessory dwelling unit less than 750 square feet. Any impact fees charged for an accessory dwelling unit of 750 square feet or more shall be charged proportionately in relation to the square footage of the primary dwelling unit.

(B) For purposes of this paragraph, "impact fee" has the same meaning as the term "fee" is defined in subdivision (b) of Section 66000, except that it also includes fees specified in Section 66477. "Impact fee" does not include any connection fee or capacity charge charged by a local agency, special district, or water corporation.

(4) For an accessory dwelling unit described in subparagraph (A) of paragraph (1) of subdivision (e), a local agency, special district, or water corporation shall not require the applicant to install a new or separate utility connection directly between the accessory dwelling unit and the utility or impose a related connection fee or capacity charge, unless the accessory dwelling unit was constructed with a new single-family dwelling.

(5) For an accessory dwelling unit that is not described in subparagraph (A) of paragraph (1) of subdivision (e), a local agency, special district, or water corporation may require a new or separate utility connection directly between the accessory dwelling unit and the utility. Consistent with Section 66013, the connection may be subject to a connection fee or capacity charge that shall be proportionate to the burden of the proposed accessory dwelling unit, based upon either its square feet or the number of its drainage fixture unit (DFU) values, as defined in the Uniform Plumbing Code adopted and published by the International Association of Plumbing and Mechanical Officials, upon the water or sewer system. This fee or charge shall not exceed the reasonable cost of providing this service.

(g) This section shall supersede a conflicting local ordinance. This section does not limit the authority of local agencies to adopt less restrictive requirements for the creation of an accessory dwelling unit.

(h) (1) A local agency shall submit a copy of the ordinance adopted pursuant to subdivision (a) to the Department of Housing and Community Development within 60 days after adoption. After adoption of an ordinance, the department may submit written findings to the local agency as to whether the ordinance complies with this section.

(2) (A) If the department finds that the local agency's ordinance does not comply with this section, the department shall notify the local agency and shall provide the local agency with a reasonable time, no longer than 30 days, to respond to the findings before taking any other action authorized by this section.

(B) The local agency shall consider the findings made by the department pursuant to subparagraph (A) and shall do one of the following:

(i) Amend the ordinance to comply with this section.

(ii) Adopt the ordinance without changes. The local agency shall include findings in its resolution adopting the ordinance that explain the reasons the local agency believes that the ordinance complies with this section despite the findings of the department.

(3) (A) If the local agency does not amend its ordinance in response to the department's findings or does not adopt a resolution with findings explaining the reason the ordinance complies with this section and addressing the department's findings, the department shall notify the local agency and may notify the Attorney General that the local agency is in violation of state law.

(B) Before notifying the Attorney General that the local agency is in violation of state law, the department may consider whether a local agency adopted an ordinance in compliance with this section between January 1, 2017, and January 1, 2020.

(i) The department may review, adopt, amend, or repeal guidelines to implement uniform standards or criteria that supplement or clarify the terms, references, and standards set forth in this section. The guidelines adopted pursuant to this subdivision are not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2.

(j) As used in this section, the following terms mean:

(1) "Accessory dwelling unit" means an attached or a detached residential dwelling unit that provides complete independent living facilities for one or more persons and is located on a lot with a proposed or existing primary residence. It shall include permanent provisions for living, sleeping, eating, cooking, and sanitation on the same parcel as the single-family or multifamily dwelling is or will be situated. An accessory dwelling unit also includes the following:

(A) An efficiency unit.

(B) A manufactured home, as defined in Section 18007 of the Health and Safety Code.

(2) "Accessory structure" means a structure that is accessory and incidental to a dwelling located on the same lot.

(3) "Efficiency unit" has the same meaning as defined in Section 17958.1 of the Health and Safety Code.

(4) "Living area" means the interior habitable area of a dwelling unit, including basements and attics, but does not include a garage or any accessory structure.

(5) "Local agency" means a city, county, or city and county, whether general law or chartered.

(6) "Nonconforming zoning condition" means a physical improvement on a property that does not conform with current zoning standards.

(7) "Objective standards" means standards that involve no personal or subjective judgment by a public official and are uniformly verifiable by reference to an external and uniform benchmark or criterion available and knowable by both the development applicant or proponent and the public official prior to submittal.

(8) "Passageway" means a pathway that is unobstructed clear to the sky and extends from a street to one entrance of the accessory dwelling unit.

(9) "Permitting agency" means any entity that is involved in the review of a permit for an accessory dwelling unit or junior accessory dwelling unit and for which there is no substitute, including, but not limited to, applicable planning departments, building departments, utilities, and special districts.

(10) "Proposed dwelling" means a dwelling that is the subject of a permit application and that meets the requirements for permitting.

(11) "Public transit" means a location, including, but not limited to, a bus stop or train station, where the public may access buses, trains, subways, and other forms of transportation that charge set fares, run on fixed routes, and are available to the public.

(12) "Tandem parking" means that two or more automobiles are parked on a driveway or in any other location on a lot, lined up behind one another.

(k) A local agency shall not issue a certificate of occupancy for an accessory dwelling unit before the local agency issues a certificate of occupancy for the primary dwelling.

(l) Nothing in this section shall be construed to supersede or in any way alter or lessen the effect or application of the California Coastal Act of 1976 (Division 20 (commencing with Section 30000) of the Public Resources Code), except that the local government shall not be required to hold public hearings for coastal development permit applications for accessory dwelling units.

(m) A local agency may count an accessory dwelling unit for purposes of identifying adequate sites for housing, as specified in subdivision (a) of Section 65583.1, subject to authorization by the department and compliance with this division.

(n) In enforcing building standards pursuant to Article 1 (commencing with Section 17960) of Chapter 5 of Part 1.5 of Division 13 of the Health and Safety Code for an accessory dwelling unit described in paragraph (1) or (2), a local agency, upon request of an owner of an accessory dwelling unit for a delay in enforcement, shall delay enforcement of a building standard, subject to compliance with Section 17980.12 of the Health and Safety Code:

(1) The accessory dwelling unit was built before January 1, 2020.

(2) The accessory dwelling unit was built on or after January 1, 2020, in a local jurisdiction that, at the time the accessory dwelling unit was built, had a noncompliant accessory dwelling unit ordinance, but the ordinance is compliant at the time the request is made.

SEC. 3. Section 65852.2 of the Government Code, as amended by Section 2 of Chapter 343 of the Statutes of 2021, is repealed.

SEC. 4. Section 65852.22 of the Government Code is amended to read:

65852.22. (a) Notwithstanding Section 65852.2, a local agency may, by ordinance, provide for the creation of junior accessory dwelling units in single-family residential zones. The ordinance may require a permit to be obtained for the creation of a junior accessory dwelling unit, and shall do all of the following:

(1) Limit the number of junior accessory dwelling units to one per residential lot zoned for single-family residences with a single-family residence built, or proposed to be built, on the lot.

(2) Require owner-occupancy in the single family residence in which the junior accessory dwelling unit will be permitted. The owner may reside in either the remaining portion of the structure or the newly created junior accessory dwelling unit. Owner-occupancy shall not be required if the owner is another governmental agency, land trust, or housing organization.

(3) Require the recordation of a deed restriction, which shall run with the land, shall be filed with the permitting agency, and shall include both of the following:

(A) A prohibition on the sale of the junior accessory dwelling unit separate from the sale of the single-family residence, including a statement that the deed restriction may be enforced against future purchasers.

(B) A restriction on the size and attributes of the junior accessory dwelling unit that conforms with this section.

(4) Require a permitted junior accessory dwelling unit to be constructed within the walls of the proposed or existing single-family residence. For purposes of this paragraph, enclosed uses within the residence, such as attached garages, are considered a part of the proposed or existing single-family residence.

(5) (A) Require a permitted junior accessory dwelling unit to include a separate entrance from the main entrance to the proposed or existing single-family residence.

(B) If a permitted junior accessory dwelling unit does not include a separate bathroom, the permitted junior accessory dwelling unit shall include a separate entrance from the main entrance to the structure, with an

interior entry to the main living area.

(6) Require the permitted junior accessory dwelling unit to include an efficiency kitchen, which shall include all of the following:

(A) A cooking facility with appliances.

(B) A food preparation counter and storage cabinets that are of reasonable size in relation to the size of the junior accessory dwelling unit.

(b) (1) An ordinance shall not require additional parking as a condition to grant a permit.

(2) This subdivision shall not be interpreted to prohibit the requirement of an inspection, including the imposition of a fee for that inspection, to determine if the junior accessory dwelling unit complies with applicable building standards.

(c) (1) An application for a permit pursuant to this section shall, notwithstanding Section 65901 or 65906 or any local ordinance regulating the issuance of variances or special use permits, be considered ministerially, without discretionary review or a hearing. The permitting agency shall either approve or deny the application to create or serve a junior accessory dwelling unit within 60 days from the date the local agency receives a completed application if there is an existing single-family dwelling on the lot. If the permit application to create or serve a junior accessory dwelling unit is submitted with a permit application to create or serve a new single-family dwelling on the lot, the permitting agency may delay approving or denying the permit application for the junior accessory dwelling unit until the permitting agency approves or denies the permit application to create or serve the new single-family dwelling, but the application to create or serve the junior accessory dwelling unit shall still be considered ministerially without discretionary review or a hearing. If the applicant requests a delay, the 60-day time period shall be tolled for the period of the delay. A local agency may charge a fee to reimburse the local agency for costs incurred in connection with the issuance of a permit pursuant to this section.

(2) If a permitting agency denies an application for a junior accessory dwelling unit pursuant to paragraph (1), the permitting agency shall, within the time period described in paragraph (1), return in writing a full set of comments to the applicant with a list of items that are defective or deficient and a description of how the application can be remedied by the applicant.

(d) A local agency shall not deny an application for a permit to create a junior accessory dwelling unit pursuant to this section due to the correction of nonconforming zoning conditions, building code violations, or unpermitted structures that do not present a threat to public health and safety and that are not affected by the construction of the junior accessory dwelling unit.

(e) For purposes of any fire or life protection ordinance or regulation, a junior accessory dwelling unit shall not be considered a separate or new dwelling unit. This section shall not be construed to prohibit a city, county, city and county, or other local public entity from adopting an ordinance or regulation relating to fire and life protection requirements within a single-family residence that contains a junior accessory dwelling unit so long as the ordinance or regulation applies uniformly to all single-family residences within the zone regardless of whether the single-family residence includes a junior accessory dwelling unit or not.

(f) For purposes of providing service for water, sewer, or power, including a connection fee, a junior accessory dwelling unit shall not be considered a separate or new dwelling unit.

(g) This section shall not be construed to prohibit a local agency from adopting an ordinance or regulation related to a service or a connection fee for water, sewer, or power, that applies to a single-family residence that contains a junior accessory dwelling unit, so long as that ordinance or regulation applies uniformly to all single-family residences regardless of whether the single-family residence includes a junior accessory dwelling unit.

(h) If a local agency has not adopted a local ordinance pursuant to this section, the local agency shall ministerially approve a permit to construct a junior accessory dwelling unit that satisfies the requirements set forth in subparagraph (A) of paragraph (1) of subdivision (e) of Section 65852.2 and the requirements of this section.

(i) For purposes of this section, the following terms have the following meanings:

(1) "Junior accessory dwelling unit" means a unit that is no more than 500 square feet in size and contained entirely within a single-family residence. A junior accessory dwelling unit may include separate sanitation facilities, or may share sanitation facilities with the existing structure.

(2) "Local agency" means a city, county, or city and county, whether general law or chartered.

(3) "Permitting agency" means any entity that is involved in the review of a permit for an accessory dwelling unit or junior accessory dwelling unit and for which there is no substitute, including, but not limited to, applicable planning departments, building departments, utilities, and special districts.

SEC. 5. Section 65852.23 is added to the Government Code, to read:

65852.23. (a) Notwithstanding any other law, and except as otherwise provided in subdivision (b), a local agency shall not deny a permit for an unpermitted accessory dwelling unit that was constructed before January 1, 2018, due to either of the following:

(1) The accessory dwelling unit is in violation of building standards pursuant to Article 1 (commencing with Section 17960) of Chapter 5 of Part 1.5 of Division 13 of the Health and Safety Code.

(2) The accessory dwelling unit does not comply with Section 65852.2 or any local ordinance regulating accessory dwelling units.

(b) Notwithstanding subdivision (a), a local agency may deny a permit for an accessory dwelling unit subject to subdivision (a) if the local agency makes a finding that correcting the violation is necessary to protect the health and safety of the public or occupants of the structure.

(c) The section shall not apply to a building that is deemed substandard pursuant to Section 17920.3 of the Health and Safety Code.

SEC. 6. Section 17980.12 of the Health and Safety Code is amended to read:

17980.12. (a) (1) An enforcement agency, until January 1, 2030, that issues to an owner of an accessory dwelling unit described in subparagraph (A) or (B) below, a notice to correct a violation of any provision of any building standard pursuant to this part shall include in that notice a statement that the owner of the unit has a right to request a delay in enforcement pursuant to this subdivision:

(A) The accessory dwelling unit was built before January 1, 2020.

(B) The accessory dwelling unit was built on or after January 1, 2020, in a local jurisdiction that, at the time the accessory dwelling unit was built, had a noncompliant accessory dwelling unit ordinance, but the ordinance is compliant at the time the request is made.

(2) The owner of an accessory dwelling unit that receives a notice to correct violations or abate nuisances as described in paragraph (1) may, in the form and manner prescribed by the enforcement agency, submit an application to the enforcement agency requesting that enforcement of the violation be delayed for five years on the basis that correcting the violation is not necessary to protect health and safety.

(3) A local agency shall not require, as a condition for ministerial approval of a permit application for the creation of an accessory dwelling unit or a junior accessory dwelling unit, the correction of a violation on the primary dwelling unit, provided that correcting the violation is not necessary to protect health and safety.

(4) The enforcement agency shall grant an application described in paragraph (2) if the enforcement agency determines that correcting the violation is not necessary to protect health and safety. In making this determination, the enforcement agency shall consult with the entity responsible for enforcement of building standards and other regulations of the State Fire Marshal pursuant to Section 13146.

(5) The enforcement agency shall not approve any applications pursuant to this section on or after January 1, 2030. However, any delay that was approved by the enforcement agency before January 1, 2030, shall be valid for the full term of the delay that was approved at the time of the initial approval of the application pursuant to paragraph (4).

(b) For purposes of this section, "accessory dwelling unit" has the same meaning as defined in Section 65852.2.

(c) This section shall remain in effect only until January 1, 2035, and as of that date is repealed.

SEC. 7. Section 2.5 of this bill incorporates amendments to Section 65852.2 of the Government Code proposed by both this bill and Assembly Bill 2221. That section of this bill shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2023, (2) each bill amends Section 65852.2 of the

Government Code, and (3) this bill is enacted after Assembly Bill 2221, in which case Section 2 of this bill shall not become operative.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.
